

BARLOW TYRIE

quality since 1920

BarlowTyrie

Renowned the world over for high-quality outdoor leisure furniture

Founded in 1920, **BARLOW TYRIE** is the world's oldest manufacturer of teak leisure furniture. It has since extended its collections to include outdoor furniture in sustainable teak wood, brushed stainless steel, powder-coated aluminium, and hand-woven synthetic fibre.

Barlow Tyrie combines form and function with manufacturing expertise and experience. Our aim is to create pleasing designs with good ergonomic performance, and so make outdoor living as stylish as it is comfortable. These elements, which are shared with quality interior furniture, make a piece 'correct' to the eye and body.

An international reputation based on stylish yet practical designs, traditional craftsmanship, and excellent customer service has made the Barlow Tyrie brand synonymous with quality.

We are associated the world over with outdoor leisure furniture that strikes the highest notes in quality and style.

Our modern **STAINLESS STEEL** collection brings sophistication to your outdoor area. We now offer our largest ever selection, giving you a myriad of contemporary design options.

We have added selected products to our range with an attractive powder coated finish over 316 'marine grade' stainless steel, which enhances the ability to withstand the harshest marine environment.

Equinox

The Equinox collection offers a large selection of contemporary designs, making it a perfect addition to any modern living space. This extensive collection is divided into Dining, High Dining and Occasional furniture, offering a choice of table top material, stacking options and with easy to clean all-weather Sunbrella® fabrics.

We make our furniture using 316 'marine grade' stainless steel to withstand the rigours of an outdoor environment. However, you should undertake regular maintenance using our care products to preserve the fine appearance of your furniture. Cleaning once or twice a year will be adequate in most circumstances but we recommend more frequent cleaning in a coastal or humid environment and occasionally rinsing your furniture with fresh water.

In harsh chlorinated environments, such as indoor pools, stainless steel furniture will require frequent cleaning to keep its pristine appearance. Therefore, we recommend a thorough cleaning regime using our stainless steel cleaner and possibly bi-monthly for the best results. Selected Equinox products are now available in a powder coated finish (see page 42), giving an extra layer of protection against the harshest of environments.

Our ceramic table tops are made using Italian 'high-fired' ceramic material that is colour-fast and stain-proof. Whilst being practical with a scratch-resistant and low-maintenance finish it also gives a choice of attractive finishes.

Alternatively, our teak table tops bring a warmer, more traditional appearance to this contemporary collection. Please see page 234 for our care products and page 213 for cushion colours.

Equinox features:

- Premium 316 'marine grade' stainless steel
- Textilene® and Sunbrella® fabric slings – strong, durable and mildew resistant
- Waterproof Sunbrella® Rain® fabric available for cushions
- Minimal maintenance – 4SSCG Stainless Steel Clean & Guard
- Stacking chairs and sun loungers
- Can be combined with the Mercury collection
- Counter height (CH) products only available in USA

Equinox dining chairs and armchairs combine 316 'marine grade' stainless steel and teak armrests. Textilene® and Sunbrella® fabric slings are used for the seat and back. Powder coated products have matching armrest to the frame.

1EQ.500

Equinox Dining Chair

(Charcoal Sling)

Width: 51cm – 20" **Height:** 85cm – 33"
Depth: 61cm – 24" **Weight:** 8kg – 18lbs

Optional purchase: 1EQL.T Equinox Lounger,
 4TSG Teak Stain Guard

Mercury

The Mercury armchair offers a higher back than our other stainless steel chairs. The backrest is sprung, making it extremely comfortable for long lazy afternoons outdoors. Textilene® fabric is used to great effect, and there is a choice of either teak or powder coated aluminium inserts on the armrests.

The armchair combines a premium blend of materials, 316 'marine grade' stainless steel for the frame, with specially hardened 394 stainless steel for the support bars, that hold the Textilene seat.

In harsh chlorinated environments, such as indoor pools, stainless steel furniture will require frequent cleaning to keep its pristine appearance. Therefore, we recommend a thorough cleaning regime using our stainless steel cleaner and possibly bi-monthly for the best results. Powder-coated products are available giving an extra colour choice plus extra protection against the harshest of environments.

Our ceramic table tops are made using Italian 'high-fired' ceramic material that is colour-fast and stain-proof. Whilst being practical with a scratch-resistant and low-maintenance finish it also gives a choice of attractive finishes.

The Mercury modular deep seating gives you the opportunity to create an individual layout that fits your own outdoor living space. Using the best waterproof fabric that the outdoor industry has to offer, Sunbrella® Rain®, the Mercury deep seating collection is both comfortable and soft to the touch.

Mercury dining table tops are acid-etched tempered glass with a matt finish that is easy to clean.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Mercury features:

- Modular deep seating system uses Sunbrella® Rain®
- Waterproofed fabric for the cushions
- Stacking armchairs
- Premium 316 'marine grade' stainless steel
- Textilene® slings – strong, durable and mildew resistant
- Minimal maintenance – 4SSCG Stainless Steel Clean & Guard
- Table tops are acid-etched tempered glass with a matt finish in a choice of three colours
- Mercury products combine well with the Equinox collection

In the USA, cushions are made to order, including using Customers Own Material (C.O.M.) and the selection of Sunbrella® fabric is much larger.

Mercury deep seating cushions are made from Sunbrella® Rain® ("V" code = waterproof) fabric. Cushions are included with our deep seating furniture, so when ordering please suffix your preferred fabric colour code to the product code. Loose back pillows are included, but scatter cushions are available separately – see page 212.

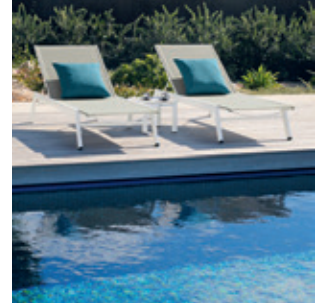

Our modern **POWDER COATED STAINLESS STEEL** collection brings sophistication to your outdoor area. We have added selected products to our range with an attractive powder coated finish over 316 'marine grade' stainless steel, which enhances the ability to withstand the harshest marine environment.

Equinox

The Equinox powder coated collection offers a large selection of contemporary designs, making it a perfect addition to any modern living space. Powder coated products have matching armrests to the frame colour. This extensive collection is divided into Dining, High Dining and Occasional furniture, offering a choice of table top material, stacking options and with easy to clean all-weather Sunbrella® fabrics.

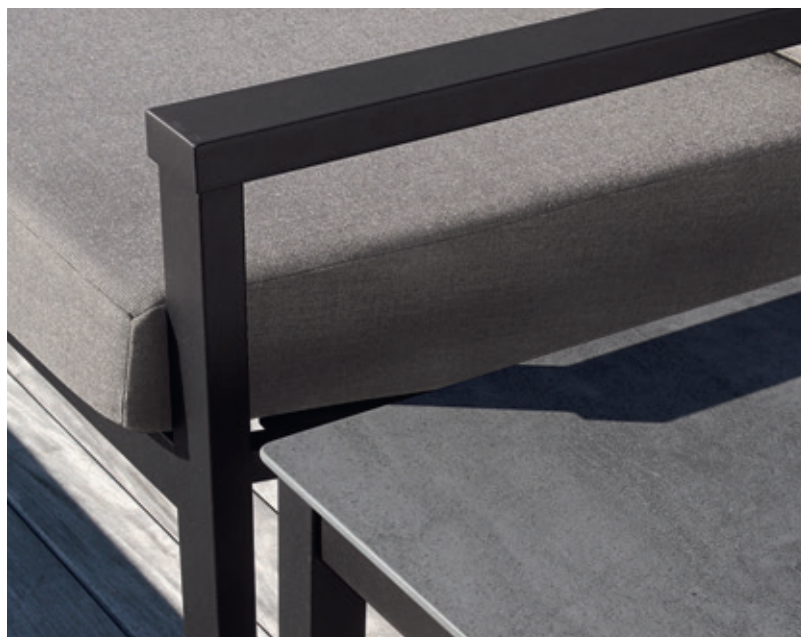

We make our furniture using 316 'marine grade' stainless steel with the additional powder coating, that withstand the rigours of an outdoor environment. However, you should undertake regular maintenance using our care products to preserve the fine appearance of your furniture. Cleaning once or twice a year will be adequate in most circumstances but we recommend more frequent cleaning in a coastal or humid environment and occasionally rinsing your furniture with fresh water.

Our ceramic table tops are made using Italian 'high-fired' ceramic material that is colour-fast and stain-proof. Whilst being practical with a scratch-resistant and low-maintenance finish it also gives a choice of attractive finishes.

Alternatively, our teak table tops bring a warmer, more traditional appearance to this contemporary collection. Please see page 234 for our care products and page 213 for cushion colours.

Equinox features:

- Sunbrella® fabric slings – strong, durable and mildew resistant
- Waterproof Sunbrella® Rain® fabric available for cushions
- Minimal maintenance – 4AC Powder Coated Stainless Steel & Aluminium Cleaner
- Powder coated 316 'marine grade' stainless steel
- Stacking chairs and sun loungers
- Can be combined with the Mercury armchair (see page 72)
- Counter height (CH) products only available in USA

Equinox powder coated stainless steel products have matching armrest to the frame, and combine Sunbrella® fabric slings that are used for the seat and back. Upholstered bespoke cushions are separate components, using the best Sunbrella® Rain® waterproof fabrics that the outdoor industry has to offer.

Refined powder coated frames support both the upholstered seats and the teak table tops that bring a warmer, more traditional appearance to this contemporary collection.

The Equinox High Dining (HD) and Counter Height (CH) armchairs, side chairs and stools are available in a choice of two colours. These dining chairs can be stacked (max. 6 high) for easy storage. Counter height products only available in USA. The contemporary-styled tables are made from powder coated stainless steel with an Italian 'high-fired' ceramic top. Available in two colourways: Graphite frame with 'Dusk' ceramic and an Arctic White frame with 'Frost' ceramic. These modern ceramics are made using stain-proof, colour-fast material which complement each frame colour.

Two- and three-seater powder coated settees are available in our Equinox deep seating range with matching armchair and ottoman – all made from powder coated 316 'marine grade' stainless steel.

Our Equinox low coffee tables combines powder coated premium stainless steel and Italian laminated ceramics. This style of furniture is modern, low maintenance and a perfectly complements any modern living space.

Layout

The Layout collection offers a large choice of seating groups with a contemporary design that uses a modular deep seating system, which brings elegant indoor lounging to outdoor spaces. This collection comprises various upholstered seat and table sizes, which together create intimate or grand seating groups. You can create an individual layout to give your perfect vision of outdoor living (*Layout collection was designed by: Andrew Jones and Nathalie de Leval*).

The modular seat and table frames are made using powder coated 316 'marine grade' stainless steel, available in two colours: Forge Grey or Arctic White.

Seats, backs and arms are separate components, upholstered using either Sunbrella® fabric (the stock fabric in the USA) or Sunbrella® Rain® waterproof fabric (the stock fabric in Europe). The alternative fabric is available in both markets to special order. The backs and arms can fit on any side of the seating units to create sofas, corner sectionals, loungers, chairs, and many asymmetric configurations. Please see page 234 for our care products and page 213 for cushion colours.

Layout features:

- Modular deep seating system uses Sunbrella® Rain® waterproofed fabric for the cushions, as standard in Europe
- Tough, durable, powder-coated finish
- Contemporary design and minimal maintenance
- Powder coated 316 'marine grade' stainless steel frame

Optional purchase: 1LYMC1.14 Layout Chaise-longue – Single with Low Arms

Mercury

The Mercury armchair offers a higher back than our other stainless steel chairs. The backrest is sprung, making it extremely comfortable for long lazy afternoons outdoors.

The armchair combines a powder coated finish over the premium 316 'marine grade' stainless steel frame, with specially hardened 304 stainless steel for the support bars, that hold the Sunbrella® seat and backrest. Mercury armrests are powder coated matching to the frame colour.

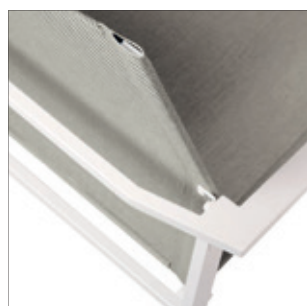

In harsh chlorinated environments, such as indoor pools, or 'salty' coastal areas, these powder coated products offer extra protection against the harshest of environments, plus the choice of two additional colourways. The Mercury armchair combines Graphite powder coated frame with a Carbon Sunbrella® sling and the Arctic White frame with a Seagull Sunbrella® sling. Our Equinox collection of powder coated tables are a perfect match.

The Mercury powder coated dining range gives you the opportunity to create an individual layout that fits your own outdoor living space. For extra luxury, our cushions use the best waterproof fabric that the outdoor industry has to offer, Sunbrella® Rain®, which is both comfortable and soft to the touch.

Please see page 234 for Barlow Tyrie care products and page 212 for cushion colours.

Mercury features:

- Stacking armchair
- Powder coated premium 316 'marine grade' stainless steel
- Sunbrella® slings – strong fabric, durable and mildew resistant
- Mercury powder coated armchairs combine well with the Equinox powder coated collection of tables (see page 42)

We have been making exceptional outdoor furniture in **TEAK** since 1920, with many award winning designs that are considered classics. To date we are in receipt of 20 international design excellence awards.

We make our furniture using first grade plantation-grown teak (*Tectona Grandis*) and marine grade solid brass or stainless steel fittings.

We design our teak furniture to allow you to mix items from different collections, to give the greatest flexibility in both convenient use and visual effect.

Adirondack

Originating from the Adirondack Mountains of New York State, this design has become America's most recognised outdoor chair. The Adirondack is a classic piece in our teak collection; it has a simple rustic design that is extremely comfortable. This deep seating armchair can be combined with a footrest for optimum lounging comfort; perfect for lazy afternoons in the garden.

Adirondack features:

- Extra wide armrests and solid brass fittings
- Contoured seat for comfort
- Rounded, dished high backrest
- Matching footrest and side table available

Apex

The Apex extending dining table is a beautifully-crafted rectangular table, constructed from large sections of fine teak wood that give a contemporary feel with clean and solid lines.

This table does not have a parasol hole, so we would recommend using a pavilion or Napoli cantilever shading. This extending dining table will seat up to 10 when closed and 14 when the double butterfly extension system is used.

Apex features:

- Solid construction
- The largest production table in the industry
- The extending table has two specially balanced 61cm-wide leaves which are stored under the table top and move effortlessly into position using a butterfly action
- Extending table leaves utilise solid brass hardware including concealed barrel hinges

1ADA

**Adirondack Armchair**

 & Reducer Rings – Brass

Arundel

Based on one of Barlow Tyrie's original designs from the 1920s, this classic offers an extending dining table that seats from 8 to 10 people (see images below using Ascot Highback Recliner Chair and the Ascot Dining Chair (folding carver)).

The extending table uses a neat and functional double butterfly system to open out to 286cm in length. A parasol can be used through the table in the closed and extended positions.

Arundel features:

- Original extending table has won an award for its unique design
- Distinctive legs and undercarriage connect in a cross frame giving the table extreme stability

Ascot

The Ascot is a traditional and elegant collection of folding furniture with a pleasing simplicity of design that make it ideal for combining with many of our other teak ranges.

Extensive use of marine grade brass ensures that the furniture folds easily as well as being strong and sturdy. The backrests of the chairs are dished for extra comfort, and the highback recliner offers a choice of four different positions, making it ideal for both dining and relaxing. The collection is supplied fully assembled and can be used with or without seat cushions. The collection includes a folding table designed to seat up to four in comfort.

Ascot features:

- Folding chairs have brass locking mechanisms for safety
- Highback recliner chair available that has four ergonomic seating positions

Atom

Atom is a modern, elegant collection that will remain popular for many years to come.

The armchair has a strong geometric shape that features an angled backrest, accented with a circular 'atom' hole that is used to fix a cushioned backrest for extra comfort and personal styling. The toggled backrest and seat cushions are optional, available in Sunbrella® colours. The armchair seat is made from 'Denim' Sunbrella® sling fabric to create a clean line that is comfortable and looks timeless.

The rectangular dining table (without parasol hole) blends profiled, simple lines with a lighter scale and proportion giving it a contemporary look that matches the Atom armchair.

Atom features:

- Optional backrest and seat cushions (see page 82)
- A dining table that comfortably seats 6 persons
- Comfortable armchair due to the generous size of sling seat

1AS

Ascot Dining Chair

Height: 72cm – 28" **Weight:** 21kg – 46lbs
Seats: 4 to 6
Optional purchase: 1ATA.514 Atom Dining Armchair,
 4TO Teak Oil

The Atom rectangular dining table (without parasol hole) blends profiled, simple lines with a lighter scale and proportion giving it a contemporary look that matches the Atom armchair.

We have a selection of bespoke cushions for our seats, and loose scatter cushions are available separately – see page 213.

For extra comfort see the optional backrest and seat cushions (see page 82). The cushion seat and backrest is not available in the USA.

Bermuda

The Bermuda with its soft curves and clean simple lines, combines the best of our teak tradition with the latest in styling and comfort. Its elegant proportions belie its strength and durability, making it ideal for a modern casual open-air lifestyle.

Perfect for the garden or the pool side, the balcony, or the terrace, the Bermuda comes in standard height, counter-height and high dining options. The chairs have smoothly curving sides, contoured backs, and seats that offer comfort without the need for cushions.

Bermuda features:

- Matching dining side chairs and pedestal tables are available in different height options
- Smooth elegant styling
- Tall circular pedestal table with parasol hole
- Generous and comfortable seating
- Counter height (CH) products only available in USA

Brass parasol hole reducer rings and a blanking cap are available that marry well with our teak tables – see page 199.

The Bermuda chair and pedestal table are available as standard or high dining sets and are ideal for a balcony or small terrace. An additional counter height (CH) set is available for the USA market.

Caisse Versailles

This classic square planter is available in two sizes and looks at home in any setting. A traditional design to define a building entrance, a walkway or to complement a group of furniture.

Our teak planters are a perfect gift for gardeners or people who simply love their garden. These planters will stand the test of time and like all of our teak products, they will gradually turn to a lovely 'silver-grey' colour after weathering, so they will continue to delight for many years to come.

Please see page 234 for Barlow Tyrie care products.

Caisse Versailles features:

- Solid construction
- Bottom-drilled for drainage

Height: 67cm – 26" **Weight:** 21kg – 46lbs
Optional purchase: 4T0 Teak Oil

So what's the difference in height?

Dining height – you're probably most familiar with standard dining height tables. They're the most popular and widely available – from patio tables to a casual breakfast table or a formal dining table set.

Counter height (CH) – designed as a gathering spot in the kitchen, for food preparation, or as a place for guests to converse, the more casual counter height tables work well in small areas because their greater height makes the space seem more roomy.

High Dining (HD) – when you imagine a night club, with its tall tables and stools set right off the bar, you're thinking of a bar height table. They feature small tabletops and they're a bit taller than a counter height table.

Capri

Capri sun loungers have been gracing the pool-sides, decks, and terraces of the finest residences and hotels for many years. They remain as popular today, with a clean uncluttered design that enhances any setting.

There are three Capri designs that come with individual features, although all offer the four-position backrest.

The Capri 'Base' is a simple teak static lounge with an adjustable backrest. Using our unique brass connecting clips, a number of these loungers can be linked together side by side and end to end to make a continuous lounging area of any size.

The Capri 'Standard' is a classic sun lounge with a four-position backrest and wheels for easy positioning. There is an optional clip-on drinks tray for added utility.

The Capri 'Ultra' is, as the name suggests, top of the line with a four-position backrest, wheels, armrests, a three-position adjustable leg-rest, and a pull-out side table that can be used to either side of the lounge, as required.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Capri features:

- Three sun loungers, all offering a four-position backrest
- Solid brass hardware and fittings
- Optional brass clips available for connecting two or more loungers (Base model only)
- Optional clip-on side tray (Standard model only)
- Rubber-tyred teak wheels, adjustable leg rest, pull-out side table (Ultra)

Chesapeake

This extensive collection is complemented with a range of high backed deep-seating furniture, which features an innovative swivel rocker chair. The Chesapeake design marries traditional elements including rolled armrests on the chairs and curved sides to the dining tables with clean contemporary touches, which include nylon glides on the bottom of tapered legs. The collection includes an unusual 'boat-shaped' rectangular dining table.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Chesapeake features:

- An elegant traditional collection in solid teak, with nylon glides
- Innovative swivel rocker that spins 360 degrees and rocks
- High backrests in deep seating collection
- Rectangular dining tables feature 'boat-shaped' table tops

1CAB

Capri Lounger – Base

Colchester

The Colchester coffee and side tables are from our traditional collection and offer a sturdy build quality.

The square coffee table is perfect with sun loungers or in front of a seating unit, with the side table providing the extra height needed for use at the side or end of seating. The simple style of the tables means that they work well with our other teak ranges (as illustrated with Monterey deep seating armchairs, 1MTDA.400).

Colchester features:

- Two table heights
- Sturdy construction
- Combines well with other teak ranges

Commodore

This classic steamer chair is inspired by the golden age of the transatlantic liner. This superbly designed product has a backrest that adjusts to four positions, a removable footrest, and is optionally available with a longer footrest and wheels for easy positioning. The backrest is conveniently adjusted by lifting the arms whilst seated.

Commodore recliners use solid cast brass fittings with ergonomically shaped components that give a high level of comfort.

Commodore features:

- Reclines to four positions with detachable footrest
- Marine quality solid brass fittings
- Folds for storage
- British design award recipient

Drummond

The Drummond collection comprises two large circular dining tables with heavy table tops and impressive turned legs. A Lazy Susan is available for both tables, making the use of large round tables much more convenient for diners.

Please see page 234 for Barlow Tyrie care products.

Drummond features:

- Detailing on the legs to give added character
- Beautifully turned solid teak legs
- Optional teak Lazy Susan available on both tables
- Thick tops and strong construction
- Compatible with other ranges in the teak collection (as illustrated with Horizon armchairs, 1HOAS.502)

Parasol hole: Yes
Optional purchase: 2DR18 Drummond Dining Table 185

Felsted

Its classic design and solid construction make the Felsted collection suitable for use in public spaces as well as private gardens. This design is similar to that of our Glenham but is lighter in weight.

The collection consists of an armchair that can be used with any of our traditional teak tables, a classic bench, and a footstool that can also be used as a small side table or as an extra occasional seat. The armchair and bench can be carved with an inscription or fitted with a bronze plaque – see page 230.

Felsted features:

- Medium weight for easier manoeuvrability
- Classic bench which will seat two people comfortably
- No exposed hardware on footstool makes it perfect for use in showers and saunas

Glenham

The Glenham is an original Barlow Tyrie design that is widely regarded as the archetypal English garden seat. Our collection includes circular and hexagonal tree seats, modular circular seating, and corner seats, together with the more usual seats and armchairs.

Tree seats are sold as two separate halves, which are bolted together when in position using the solid brass bolts supplied. Please note that the ground around old trees is rarely level and in this case we recommend the construction of a brick or stone plinth. The plinth should extend beyond the seat so feet may be comfortably rested when seated.

The armchair and seat can be carved with an inscription or fitted with a bronze plaque – see page 230.

Classic design and robust construction make the Glenham collection suitable for use in public spaces as well as private gardens.

Glenham features:

- Large range of classic seating options
- Suitable for carved memorial inscriptions and bronze plaques
- Perfect for use in larger gardens and public spaces

The Glenham Corner Seat 180 is in two halves – see opposite page 99 (**1GL18CL** left and **1GL18CR** right). After positioning, these two halves are bolted together to form a corner seat using the solid brass bolts supplied. This seat is also available to special order with the 'London' style armrests, which increases the overall lengths by 5cm (2").

For public spaces, security fasteners can be used to secure any item of furniture in place on a solid floor – see page 232.

Haven

Haven is a luxurious collection of deep seating furniture that features a high backrest for optimum comfort, conducive to afternoon naps. The collection is modular in construction, which allows you the freedom to create the configuration you require, whilst adding a contemporary look to your outdoor living space.

The armchair backrest adjusts to three positions for maximum comfort, and the collection is completed with a conversation-height table that provides for relaxed entertaining from the comfort of the Haven sofa or armchair.

Haven features:

- Armchair with three adjustable positions for the backrest
- Ottoman and conversation tables available

The backrest of the Haven Reclining Armchair adjusts to 3 positions for maximum comfort.

This collection is modular in construction, allowing you to create the layout you require.

The cushion headrest is not available in the USA.

Cushions are included with our deep seating furniture, so when ordering please suffix the fabric colour code to the product code. Loose scatter cushions are available separately – see page 213.

Horizon

The Horizon collection is a stylish range of furniture with simple clean lines and a modern feel. The stacking armchair is available with either a teak or Textilene® seat and back with a choice of colours. Folding side and carver chairs use a locking mechanism for safety, and are light enough to be carried yet strong with a solid feel. The folding armchair and side chair are perfect for a weekend retreat or when extra guests arrive.

The award-winning sun lounger has beautiful flowing lines and a slim silhouette. It is functional as well as beautiful, with hidden wheels set into the back legs and the option of adding our lounge sunshade. The Horizon sun lounger graces the grounds of many exclusive hotels and private residences around the world.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Horizon features:

- Folding side and carver chairs have a frame-locking mechanism for safety
- Sun lounger has small concealed wheels in the back legs for greater mobility
- Sun lounger offers a five-position backrest
- Armchairs are stackable

Horizon folding chairs use a locking mechanism, for safety, that locks the chair in the open position and then folds by lifting the seat. They are light enough to be carried, yet are strong with a solid feel.

This is one of our most popular folding chairs with contoured back and seat. Textilene® slings offer comfort without the need for cushions.

Folding armchairs and side chairs with flush stainless steel fittings are perfect for a weekend retreat or when extra guests arrive.

Linear

As the name suggests, a design based on strong lines, the Linear is simple yet beautiful.

Architectural qualities in the deep seating are echoed in the fine lines of the dining tables. Tables range in size from 90cm square up to our extending 232cm dining table that is beautifully crafted with the extension panels stored beneath the table top when not in use. Emphasised mitred corners and finger joints add design detail to the collection.

The generous deep seating is offered in a choice of armchair, two and three-seater settees. The ottoman is easily big enough to be used as an occasional stand alone seat. The collection is completed by a selection of compatible coffee and end tables.

Linear features:

- Solid traditional teak construction
- Detailing of the 90° mitred corner joints are decorative and aesthetically pleasing
- The extending dining table seats 8 comfortably
- Strong architectural lines

Cushions are included with our deep seating furniture, so when ordering please suffix the fabric colour code to the product code. Loose scatter cushions are available separately – see page 213.

London

The London is an original Barlow Tyrie design classic from the 1920s. A traditional design of heavier seating that features a wide flat arm, which is perfect for resting a drink or book. Classic design and robust construction make the London suitable for use in both public spaces and private gardens. The armchair and bench can be carved with an inscription or fitted with a bronze plaque – see page 230.

London features:

- Wide, flat armrests suitable for resting a drink or book
- Suitable for carved memorial inscriptions or bronze plaques
- Brass security fasteners are available to prevent the unauthorised movement of seats
- Perfect for use in public spaces as well as private gardens

Our original London design from the 1920s, can be seen illustrated on our website in the section 'Our History' – www.teak.com/about-us/history/

We have a selection of bespoke cushions for our seats, and loose scatter cushions are also available – see page 213.

Chairs and benches can be carved with an inscription or fitted with a bronze plaque – see page 230.

A Chelsea Pensioner enjoys a moment's contemplation on our London seat in Sloane Square, West London. This photograph was taken in 1958 by John Bignell, the prominent Chelsea photographer.

Mission

A fine example of the 'Arts & Crafts' style from the late nineteenth century, the Mission armchair has a backrest that is adjustable to three positions, is beautifully proportioned and extremely comfortable.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours. Cushions are included with our deep seating furniture, so when ordering please suffix the fabric colour code to the product code. Loose scatter cushions are available separately.

Mission features:

- Simple, clean design
- Adjustable three-position backrest
- Matching footstool and side table available

Monaco

The Monaco is an elegant design which features extensive use of shaped components. This collection of solid teak furniture has an armchair and side chair with gently curving shapes, contoured backs and seats that offer comfort without the need for cushions. The folding armchair and side chair are perfect for a weekend retreat or when extra guests arrive.

The Monaco sun lounger has arms, a pull-out side table, and wheels – all reflecting the attention to detail found in this very popular collection. The backrest can be adjusted to five different positions including completely flat. Optional cushions are available.

The Monaco collection also includes seats in two sizes and a choice of dining tables and coffee tables.

Monaco features:

- Armchair and side chair that make extensive use of shaped components
- Folding chairs that feature a contoured back and seat, a polished brass handle to aid folding and an easy to use brass safety lock
- Sun lounger that features a built-in pull out table, which can be used on either side and large rubber-tyred teak wheels

The Monaco collection also includes seats in two sizes and a choice of dining tables and coffee tables.

We have a selection of cushions and seat pads for our benches.

Loose scatter cushions are available separately – see page 213.

We have a selection of teak cleaning products and stain guard – see page 234.

The Monaco seat has a gently curving shape with a contoured back and seat, which makes it comfortable. Great for comfort and style. The seat is supplied complete with braided rope and the large brass attaching bobbings.

Monterey

The Monterey collection is Barlow Tyrie's interpretation of mid-century modern design, and is a truly impressive set of furniture.

The award-winning, sculptured Monterey armchair uses solid teak for the frame with braided all-weather cord for the seat and back, combining to create a stunning piece of furniture. The cord is woven from Olefin fibre (a key feature is its light fastness – see page 219), and all-weather Textilene®, making it rugged but with a soft hand.

Monterey tables feature an easy to clean Italian ceramic table top whose glossy variation in finish, adds depth and texture. These dining tables are extremely stable and available in three sizes, seating from 4 to 10 comfortably. Matching coffee and side tables are also available.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

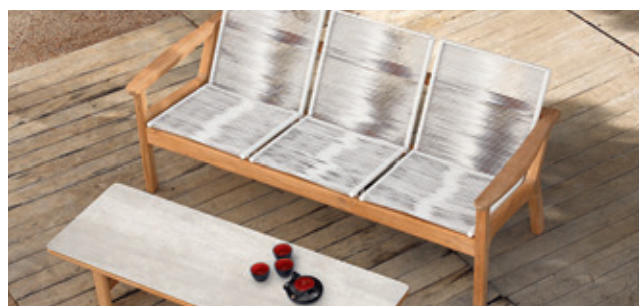

Monterey features:

- Over two hundred feet of all-weather Textilene® cord is used for the armchair seat and backrest
- Interpretation of mid-century modern design
- Tables are without parasol holes – USA offers as optional
- Solid teak sculpted legs and undercarriage powder-coat tubular aluminium cross frame giving the table extreme stability
- Optional cushions and scatter cushions are available

The Monterey collection comes in two colourways, with the brown braided cord armchairs complementing the oxide ceramic table tops, or the chalk cord setting off the frost table tops to perfection.

The award-winning armchair uses solid teak for the frame, and woven cord for the seat and back. Over 200 feet of all-weather Textilene® cord goes into each Monterey armchair. Cushions are optional purchases so when ordering, please suffix your choice for the fabric colour code to the cushion code – see page 212.

Optional purchase: 1MTA Monterey Dining Armchair,
 400767 Cover for 320 Rectangular Table and 8-10 Chairs,
 =4NAC40S Napoli Cantilever Parasol 4m

This elegant Monterey armchair is built using quality materials and refined construction methods, combining a sculpted solid teak frame with a seat and back in (Twitchell) braided Textilene® cord to provide comfort with a superior appearance.

Choose from two cord complementing colours: **.400** Brown or **.401** Chalk. The cord is woven from Olefin fibre (a key feature is its light fastness) and all-weather Textilene®, making it rugged but with a soft feel.

The Monterey tables combine a sculpted solid teak frame with a beautiful Italian ceramic top that both looks good and is easy to keep clean. For our table tops we use a ceramic sheet that is 'high-fired' at temperatures exceeding 2200°F/1204°C, making it 'rock-hard' and extremely resilient, creating a beautiful enduring finish.

All Monterey dining tables have a standard under-height clearance of 67cm (26") for armchairs and feature precision height-levelling nylon adjusters on the legs. Tables are without parasol holes – USA offers as an optional extra.

Newport

The Newport takes its name from the summer playground of America's early millionaires. Newport is synonymous with top-notch, high quality – the best. We believe that our rocker is the best in its class too and is one of the most comfortable rocking chairs you will find.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Newport features:

- Dished high back for comfort and support – elegant design which features extensive use of shaped components
- Shaped seat slats for optimum comfort – can be used with or without cushions
- Shaped arms for ergonomic support

Reims

The classically-designed Reims Refreshments Chest is based on the traditional lead-lined wine coolers of the eighteenth and nineteenth centuries. It's designed to accommodate twelve bottles of Champagne plus the appropriate amount of ice – however other refreshments are always welcome!

Reims features:

- Inner liner of polypropylene
- Melted ice is drained using the solid brass tap at the rear of the chest
- Turned solid teak handles with solid brass fittings
- The lid is supported by sliding brass stays

Rothesay

The mighty Rothesay seat is the heaviest in our teak collection. Suitable for large gardens, streets, and commemorative locations, the rails can be carved with a message or fitted with a bronze plaque – see page 230. The generous proportions of the armchair make it perfect for use in settings where a bold visual statement is required. The 240cm seat is the longest we currently make but if you require something larger please contact us. If you have any enquiries regarding bespoke furniture, please contact us: info@teak.com

Rothesay features:

- One of our oldest, heaviest seat designs, made since 1920
- 'Estate' armchair proportions bring to mind a monarch's throne (limited stock – please enquire)
- Suitable for carved memorial inscriptions and bronze plaques
- Security mounting options available

Seat Back Cushion, 4TO Teak Oil

Safari®

The Safari® is so named because it closely resembles the side-folding camping chair. This updated design is based on the “directors chair” used over many years by picnickers, campers, and on expeditions. The chair is light, comfortable, and convenient to use. It is a good choice where frequent storage is required, or to put in the car for a day out. For the seat and back, we use Sunbrella® fabric (awning-weight) that is colour-fast and extremely weather resistant. The optional clip-on tray for your Safari® chair will hold a drink or book.

The Safari® folding table is a great choice when extra table top space is required, say for drinks or lunch on the terrace.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Safari® features:

- Comfortable and convenient to use
- Safari® products do not require assembly
- Sunbrella® fabric (awning-weight) combined with solid brass hardware and fittings
- Special order Sunbrella® colours available in the USA only
- Useful clip-on tray available
- Table folds completely flat and, at 8kgs (17lbs), is easy to move around

Safari® armchair is one of the largest selling “directors chairs”, in the USA, sold with a awning-weight fabric for the seat and back.

Available in four Sunbrella® colours:

-  .200 Forest Green canvas
-  .201 White Sand canvas
-  .204 Pepper canvas
-  .207 Spring canvas

Sissinghurst

The Sissinghurst is our interpretation of a design by the much respected Edwardian architect Sir Edwin Lutyens, who designed the seat for the grounds of Sissinghurst castle. The most distinctive of seats, with flowing curves and curls, it is often used as a focal point. An imposing seat that will add elegance to your outlook all year round.

Sissinghurst features:

- Design respects the original by Sir Edwin Lutyens
- Our most distinctive of garden seats – an ‘iconic’ design
- Elegant flowing curves and curls

We have a selection of cushions, for our benches, so when ordering please suffix the fabric colour code to the cushion code. Loose scatter cushions are available separately – see page 213. Security mounting options are available – see page 232.

Stirling

The Stirling extending table is a superb oval design, traditional with a heavy table top, and distinctive shaped legs and undercarriage that connect in a cross frame, making the table very stable (as illustrated with Linear armchairs, 1LIA).

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Stirling features:

- Parasol can be used through the table in the closed and extended positions
- Brass locking mechanism
- Dual 'butterfly' extending leaves are stored under the table top when not in use
- Extended table will comfortably seat 8 to 10

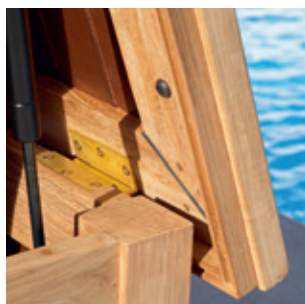

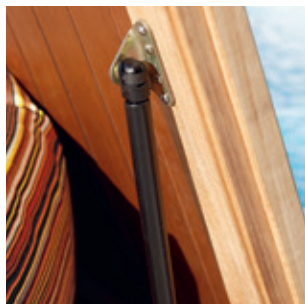

Storage Chest

This larger storage chest is weather proof with the top and sides caulked marine deck sealant, a clear outdoor polyurethane, specially designed for exterior wood protection against UV and weather. The chest is ventilated and has a brass lock for security. The chest bottom prevents the ingress of insects yet is easily removed for cleaning and the opening and closing of the chest lid is made easy with gas struts. These chests are ideal for protecting cushions and other garden accessories.

Storage Chests features:

- Brass locking mechanism for security
- High quality gas struts are utilised to hold up the teak lid
- Caulked with Lignalac® Politur polyurethane sealant
- A 'floating' bottom allows dirt and debris to be easily discharged but keeps creatures out

The USA offers a wider selection of Sunbrella® fabric colours and their cushions are made to order. To view all available Sunbrella® fabrics please visit – www.sunbrella.com/en-us/fabrics/

Cushions are priced by grade with different fill and welt options available. Customer's Own Material (C.O.M.) orders are welcome, please email your enquiry to: USSales@teak.com

We have a selection of teak cleaning products and stain guards, all are available separately for purchase – see page 234.

We have a selection of cushions and seat pads so when ordering please suffix the fabric colour code to the cushion code. Loose scatter cushions are available separately – see page 213.

Brass parasol hole reducer rings and a blanking cap that complement our teak tables, are available separately – see page 199.

1WA12

Waveney 120 Seat

(USA – 1WA12KD)

Width: 116cm – 46" **Height:** 87cm – 34"
Depth: 58cm – 23" **Weight:** 15kg – 33lbs
Seat height: 40cm – 16" **Arm height:** 62cm – 24"
Assembly: Requires assembly in the USA
Optional purchase: 800012 Bench Cushion 120, 4TCG Teak Colour Guard

Waveney

The Waveney is an elegant English design with gently curving top rail, shaped armrests, and beautifully turned tapering front legs. This design captures the essence of traditional English garden seating from the beginning of the last century.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Waveney features:

- Elegant design with gently curving top rail
- Perfect for smaller gardens and courtyards
- Turned tapering front legs
- Traditional English garden seating

Woodland

The Woodland screens create greater intimacy and enclosure for your seating or lounging areas. The light, random pattern of teak slats with their rounded soft edges and the 'pebble' feet are inspired by nature and create an atmosphere of natural, quiet seclusion. An optional removable curtain is available in three colours: Martinique, Ebony or Ivory, which completes the feeling of seclusion and acts as a wind break. When ordering a Woodland curtain, please suffix the curtain colour code.

Woodland screens are supplied with two concrete stone-like bases and concealed lighting to create a romantic atmosphere at dusk and night time. The electricity connection to the lighting uses a USB plug. *(Woodland collection was designed by: Andrew Jones and Nathalie de Leval).*

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Woodland features:

- Two sizes available for external private screening
- Detachable optional curtains available in three colours
- Contemporary design and minimal maintenance
- Premium teak screen slatted construction

Woodland screens have a light, random pattern of teak slats with softened edges. The pebble-like feet are inspired by nature and create a sophisticated and secluded ambiance.

3WS12

**3WSC23.509** Martinique (Textilene®)**3WSC23.600** Ebony (Jacquatex®)**3WSC23.601** Ivory (Jacquatex®)

Our **RUSTIC TEAK** collection is the latest design concept from Barlow Tyrie but one with very old roots. We have sourced first grade plantation grown teakwood for many decades and the quality of our design and craftsmanship is well known.

However, this rustic style is a slight departure for us. Teak with blemishes, which we would not consider appropriate for our premier range, is used here to create a look that is often referred to as 'farmhouse' or 'barn wood' in America and the name Titan was chosen to represent this heavy, robust design with its grand dimensions.

Rustic Teak Collection

page

Titan

134

Titan

Titan is the first in our Rustic Teak collection and it undoubtedly makes a stunning visual statement.

The collection includes an extremely comfortable stacking armchair with shaped rustic teak back and seat on a black powder-coated aluminium frame. The backless benches and dining tables are available in compatible sizes. The serving table features an 'ice box' for drinks, drawers, bottle racks and a removable table extension leaf.

The Titan rustic teak collection has extended with a beautiful, high dining chair and matching table (*Counter height dining sets are available in the USA*). The high dining chair is extremely comfortable with a shaped teak backrest and swivel seat. Also with exposed detailing, such as the stainless steel kick-rail, this makes for a robust design with a solid build quality.

Please note that with a laminated timber product, used in an outdoor environment, cracking can be expected. It does not affect the product's durability or detract from its integrity.

Please see page 234 for Barlow Tyrie care products. Cushions are optional so when ordering, please suffix your fabric colour code to the cushion code – see page 213.

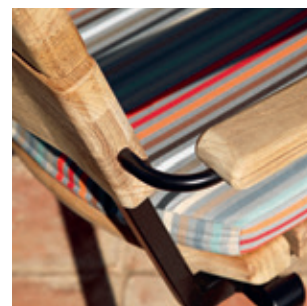

Titan features:

- Rustic 'farmhouse' look
- Robust design
- An 'ice box' for drinks, drawers, bottle racks and a removable table extension leaf
- Solid construction high dining chair
- The all-teak design features exposed stainless steel fixings

Titan is exceptionally strong and made with laminated teak. The adhesive used is designed for outdoor use, and this wood includes wild grain patterns and knots that give it a rugged farmhouse appeal.

Teak is a natural material and as such fine cracks in the end grain of components, may appear. The teak may show some vigorous grain and possibly some splits, all of which are part of the product character and not a fault. 'Rustic' is also a smart environmental way for us to utilise the full range of teakwood available.

We use an environmentally responsible process to clean and etch the **ALUMINIUM** before applying a high quality powder coating, which results in a stunning visual effect combined with long service and minimal maintenance.

The Textilene® fabric slings combine colour fastness, comfort, and weather resistance.

You can enjoy dining and relaxing outdoors in the summer months with our low maintenance tables and chairs; a stylish addition to any garden or terrace.

Aluminium Collection

page

Aura

142

Aura

Aura is a modern, elegant, lightweight collection combining powder coated aluminium frames, teak table tops with aluminium inlay plus stackable sun loungers and armchairs accented with teak armrests.

Our 'all aluminium range' of powder coated tables are available in three colours: Graphite, Arctic White or Champagne. Frame and tabletop are completely in the same matching colour. A superb and contemporary addition to your outdoor living.

This extensive collection is divided into sub-sets: Deep Seating, Dining, High Dining and Occasional that all offer a choice of three colourways.

There are several options of dining table that seat from four to ten people, a serving table, carver and stacking side chairs, with easy to clean waterproof Textilene® fabric.

The Aura modular deep seating range gives you the opportunity to create an individual layout that perfectly fits your own outdoor living space. Using the best waterproof fabric that the outdoor industry has to offer, Sunbrella® Rain®, the Aura Deep Seating furniture is spacious, comfortable and soft to the touch.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Aura features:

- Made from lightweight pure 'virgin' aluminium for strength
- Contemporary design and minimal maintenance
- Tough, durable, powder-coated finish
- All-weather Textilene® is used for long life and low maintenance
- Dining tables have a powder-coat aluminium inlay detail across the top and around the parasol hole
- Modular deep seating system uses Sunbrella® Rain® waterproofed fabric for the cushions (optional in the USA)
- Counter height products are only available in USA

Aura is available in 3 set colourways – Frame colour + Textilene® Sling:

.01.500 Graphite + Charcoal

.02.505 Arctic White + Pearl

.04.502 Champagne + Titanium

In USA, other frame and sling combinations are available for Aura: Graphite frame + Titanium sling (**.01.502**) and Graphite frame + Platinum sling (**.01.504**).

The inserts on the armrests are made from solid teak.

Perfect for use indoors, outdoors or pool side and for casual alfresco dining.

In USA, other frame and sling combinations are available for Aura: Graphite frame + Titanium sling (.01.502) and Graphite frame + Platinum sling (.01.504).

Counter and High Dining Carver chairs are sturdy and have a protective foot bar cover that will resist marking. The arms of these chairs are made from solid teak. The counter height range is only available in USA. All teak dining tables come with a parasol hole and feature aluminium inlay accents – see page opposite.

Optional purchase: 1AUDMA Aura Modular Armchair,
 4WTC Woven & Sling Non-Foam Cleaner

The Aura adjustable height table (**2AULA14**) features an innovative design that allows the table to be adjusted to two heights for dining or occasional use. A smooth action of the legs makes adjustment easy. An elegant blend of teak and powder-coated aluminium with scissor legs that give a novel, contemporary look.

Aura is perfect for use indoors, outdoors or pool side and for casual alfresco dining. Available in 3 set colourways (see right), combining Frame colour with Textilene® Sling: **.01.500**, **.02.505** and **.04.502**.

Our **WOVEN** collections have all been designed for minimal care and maintenance, using synthetic material hand woven over a powder coated aluminium frame that is highly resistant to the rigours of an outdoor environment.

We are proud of this exceptional range of furniture, which is the result of close collaboration with the late Vladimir Kagan, having a background in interior furniture design. We are confident you will find a collection to suit your space, indoors or out.

Arizona

The Arizona range was designed for us by the late, renowned Vladimir Kagan. Arizona is a cubic design of modular seating that allows you to configure an arrangement to suit your individual requirements.

The range consists of various seating modules: armchair, large and small ottoman, plus left and right arm and armless sections. There are, of course, coffee and end tables to complement your arrangement.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Arizona features:

- Designed by the late, renowned New York furniture designer Vladimir Kagan
- Modular deep seating allows for creative and personal arrangements
- Solid core weave material is highly resistant to fading
- Cushions use Sunbrella® fabric, made from a durable, 100% solution-dyed acrylic fibre
- Minimal maintenance
- 5-year guarantee for residential use (see warranty for cushions)

Our Arizona version of loom furniture is made from synthetic weave over a powder-coated aluminium frame, making it durable and suitable for leaving out all the year round.

Vladimir Kagan, the late renowned New York furniture designer, who added a 'touch of character' to each piece, making it more than a piece of furniture but a feature point for your home or garden.

Cushions are included so when ordering, please suffix the fabric colour code to the product code.

The late **Vladimir Kagan** was one of the most enduring designers of modern furniture, with a career that spanned over sixty years.

He was recognised as one of the most important furniture designers of the 20th Century, and his early designs from the forties, fifties, and sixties have become icons of modernity and reference points for all designers.

His creativity has been responsible for inspiring a whole generation of designers. Kagan designs are avidly collected by connoisseurs and museums worldwide.

We are proud of this exceptional range of furniture, which is the result of our close collaboration with Vladimir Kagan.

Dune

This very stylish design was created by the late, renowned Vladimir Kagan and draws its basic concept from his fluid interior furniture designs of the late nineteen-forties and fifties. It is considered contemporary in appearance today and yet 'Classic Kagan'. Our Dune is hand woven from synthetic weave over a powder coated aluminium frame, making it hard wearing and suitable for use outdoors.

The daybed and ottoman are a set and supplied with thick base cushions and five scatter cushions. Scatter cushions are available in all colour choices.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Dune features:

- Designed by the late renowned New York furniture designer Vladimir Kagan
- Bed and ottoman push neatly together
- All-weather solid core synthetic weave highly resistant to fading
- Minimal maintenance
- Cushions use Sunbrella® fabric, made from a durable, 100% solution-dyed acrylic fibre
- 5-year frame guarantee for residential use (see warranty for cushions)

Savannah

This distinctive range of furniture was designed by the late, renowned Vladimir Kagan. In Savannah he mixed classic colonial styling with deep sweeping curves creating a very transitional look – inside or out.

The Savannah collection consists of numerous pieces that include a dining armchair, side chair, dining tables, deep seating chair, ottoman, two and three-seater settees, plus side and coffee tables. The deep seating is designed with a high back for additional comfort.

The sun lounger with its concealed rear wheels, makes a beautiful addition to the private spa as well as around the pool. With the choice of a complementary Savannah lounge cushion and headrest or by adding a side table you will guarantee your comfort. Either way, dining or relaxing, the Savannah collection brings an exotic feel to any location.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Savannah features:

- Designed by the late, renowned New York furniture designer Vladimir Kagan
- Transitional design
- Tempered glass on all table tops
- Minimal maintenance
- All-weather solid core synthetic weave, highly resistant to fading
- Cushions use Sunbrella® fabric, made from a durable, 100% solution-dyed acrylic fibre
- 5-year frame guarantee for residential use (see warranty for cushions)

Our **PARASOL** fabric is made from Sunbrella® 100% solution dyed acrylic yarn. The fabric has a Teflon® coating applied to the yarn which helps disperse water.

All parasols must be used with a base for safety, even when placed through a table.

PAVILIONS are semi-permanent structures made from anodised extruded aluminium.

In areas that experience heavy snowfall, do not allow snow or ice to accumulate on the Pavilion roof, as this might cause structural damage.

Napoli

To make our Napoli parasols, we use Forest Stewardship Council® (FSC®) certified eucalyptus wood, which is sourced from responsibly managed forests. The eucalyptus poles and struts are accented with either nickel-plated, solid brass or aluminium and stainless steel fittings, for a first class finish. A very durable matte finish Urethane is applied to all wood surfaces.

Napoli parasols are available in circular, rectangular, or square form and in various sizes. The 2.8m circular model (=4NA28C.302) has a tilting shade, plus the 3.5m and 4m Cantilever pivots 360° degrees. All our parasols are supplied complete with a night storage cover. Optional covers (small 4PSCS or large 4PCL) are available and can be purchased.

Free standing and in-ground fixing bases are available for these parasols (not include). A base should always be used with all parasols and are available as either a standard, freestanding, floor fixing or in-ground base – see pages 206–207. Our custom made parasol bases are made of steel which receives a zinc electroplating to retard oxidation, then a final coat of a durable grey powder coat paint finish.

The aluminium and steel components on the Napoli cantilever parasols are powder coated a champagne colour.

The latest parasol in this collection is our splendid Napoli Cantilever model, with its four-metre square canvas-coloured canopy. The aluminium and steel components are finished in a champagne colour, and the base comes with a protective mat.

Product care

At the end of the season, we suggest you clean your parasols before storing them in a dry, well-ventilated area. Although Sunbrella® fabric will not mildew or mould, we recommend that the canopy is cleaned regularly to prevent the accumulation of dirt on the fabric.

To clean and maintain your parasols, we recommend removing dirt, grease, oil, and mould. After cleaning the use of 'Barlow Tyrie Fabric Weather Guard' (4FWG) protects the fabric from the aging effects of weather.

Napoli features:

- Our eucalyptus wood is FSC® certified (FSC-C007974)
- Caulked with Lignalac® Politur polyurethane sealant
- Beautiful nickel-plated brass or aluminium and stainless steel fittings
- Engineered with tilting, pivoting or telescopic mechanism
- Storage cover supplied
- Standard, freestanding, floor fixing or in-ground bases are required for these parasols (optional and are not included)
- Minimal maintenance
- USA only: special order Sunbrella® canopies available

=4NA28C.302

Napoli Parasol 2.8m Circular – 38mm pole

(.302 Canvas coloured with a tilt facility)

Diameter: 281cm – 111" **Height:** 249cm – 98"
Weight: 10kg – 22lbs **Assembly:** Not Required
Optional purchase: 4PBS Parasol Standard Base 38 – Small,
4PBFS Parasol Freestanding Base 38 – Small,
4PBFFS Parasol Floor Fixing Base 38 – Small,
4PBUS Parasol In-ground Base 38 – Small

=4NA30S.302

Napoli Parasol 3m Square – 61mm pole

(.302 Canvas coloured with telescopic pole)

Length: 300cm – 118" **Width:** 300cm – 118"
Height: 269cm – 106" **Weight:** 22kg – 49lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large,
4PBFL Parasol Freestanding Base 61 – Large,
4PBFFL Parasol Floor Fixing Base 61 – Large,
4PBUL Parasol In-ground Base 61 – Large

=4NA35C.302

Napoli Parasol 3.5m Circular – 61mm pole

(.302 Canvas coloured)

Diameter: 350cm – 138" **Height:** 269cm – 106"
Weight: 22kg – 49lbs **Assembly:** Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large,
4PBFL Parasol Freestanding Base 61 – Large,
4PBFFL Parasol Floor Fixing Base 61 – Large,
4PBUL Parasol In-ground Base 61 – Large

Optional Extras:

A brass blanking cap fills the parasol hole in your table when used without a parasol.

Brass 4PR.00

Brass 4PR.38

A parasol hole reducer ring reduces movement of a parasol pole in a table top.

Brass 4PR.48

Brass 4PR.61

A brass reducer ring complements our ceramic tables. They come in three sizes and the pole diameter (Ø38mm, Ø48mm, or Ø61mm) of your parasol determines the correct size to use – see page 199.

=4NA35R.302

Napoli Parasol 3.5m x 2.5m Rectangular – 61mm pole
(.302 Canvas coloured with telescopic pole)

Length: 355cm – 140" **Width:** 254cm – 100"
Height: 270cm – 106" **Weight:** 22kg – 49lbs
Assembly: Not Required
Optional purchase: **4PBL** Parasol Standard Base 61 – Large,
4PBFL Parasol Freestanding Base 61 – Large,
4PBFFL Parasol Floor Fixing Base 61 – Large,
4PBUL Parasol In-ground Base 61 – Large

=4NA40C.302

Napoli Parasol 4m Circular – 61mm pole
(.302 Canvas coloured with telescopic pole)

Diameter: 403cm – 159" **Height:** 270cm – 106"
Weight: 22kg – 49lbs **Assembly:** Not Required
Optional purchase: **4PBL** Parasol Standard Base 61 – Large,
4PBFL Parasol Freestanding Base 61 – Large,
4PBFFL Parasol Floor Fixing Base 61 – Large,
4PBUL Parasol In-ground Base 61 – Large

=4NAC35S.302

Napoli Cantilever Parasol 3.5m Square
(.302 Canvas coloured with tilted and turned 360° degrees)

Length: 350cm – 138" **Width:** 350cm – 138"
Height: 307cm – 121" **Weight:** 54kg – 117lbs
Optional purchase: **4PBFC.04** Napoli Cantilever Parasol – Freestanding Base, **4PBUC.04** Napoli Cantilever Parasol – In-ground Base

=4NAC40S.302

Napoli Cantilever Parasol 4m Square
(.302 Canvas coloured with tilted and turned 360° degrees)

Length: 400cm – 157" **Width:** 400cm – 157"
Height: 315cm – 124" **Weight:** 64kg – 141lbs
Optional purchase: **4PBFC.04** Napoli Cantilever Parasol – Freestanding Base, **4PBUC.04** Napoli Cantilever Parasol – In-ground Base
Note: Both the 3.5m and 4m canopy can be tilted and turned through 360 degrees, as the sun lowers and moves across the sky. A storage cover is supplied to protect the parasol when not in use

4PSCS

Parasol Storage Cover – Small

Weight: 1kg – 2lbs
Note: High quality zipped parasol storage cover, suitable for Sail parasols or similar sized parasols

4PSCL

Parasol Storage Cover – Large

Length: 250cm – 98" **Width:** 40cm – 16"
Weight: 1.5kg – 3lbs
Note: High quality zipped parasol storage cover, suitable for Napoli parasols or similar sized parasols

Napoli Cantilever Parasol – available 3.5m and 4m Square Canvas

Napoli Freestanding Base – **P4PBFC.04**

Sail

The Sail parasol are available in circular, rectangular, or square form and in sizes from 2.5m square to 4m circular. Sail is made with anodised aluminium poles and the struts are accented with nickel-plated solid brass fittings for an excellent finish. All our parasols are supplied complete with a night storage cover. Optional parasol storage covers (small **4PSCS** or large **4PSCL** – see previous page 193) are available and can be purchased.

Free standing and in-ground fixing bases are available for these parasols (not include). A base should always be used with all parasols and are available as either a standard, freestanding, floor fixing or in-ground base – see pages 206–207. Our custom made parasol bases are made of steel which receives a zinc electroplating to retard oxidation, then a final coat of a durable grey powder coat paint finish.

All our shade products are stocked in Sunbrella® 'Canvas'. Special orders in other Sunbrella fabrics are available at a higher cost – please enquire.

Product care

At the end of the season, we suggest you clean your cushions and parasols before storing them in a dry, well-ventilated area. Although Sunbrella® fabric will not mildew or mould, we recommend that the canopy is cleaned regularly to prevent the accumulation of dirt on the fabric.

To clean and maintain your cushions and parasols, we recommend removing dirt, grease, oil, and mould. After cleaning the use of 'Barlow Tyrie Fabric Weather Guard' (**4FWG**) protects the fabric from the aging effects of weather.

Sail features:

- Anodised aluminium pole and struts
- Our eucalyptus wood is FSC® certified (FSC-C007974)
- Beautiful nickel-plated brass fittings
- Engineered telescopic mechanism
- All our parasols are supplied complete with a night storage cover
- Standard, freestanding or in-ground bases are required for these parasols (not included)
- Minimal maintenance
- USA only: special order Sunbrella® canopies available

FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits.

Anodising is an electrochemical process that converts the metal surface into a decorative, durable, corrosion-resistant finish.

Brass or stainless steel blanking caps and parasol hole reducer rings that complement our tables are available separately – see page 199.

=4SA25S.302

Sail Parasol 2.5m Square – 48mm pole
(.302 Canvas coloured)

Length: 251cm – 99" **Width:** 251cm – 99"
Height: 266cm – 105" **Weight:** 17kg – 37lbs
Assembly: Not Required
Optional purchase: **4PBM** Parasol Standard Base 48 – Medium, **4PBFM** Parasol Freestanding Base 48 – Medium, **4PBFFM** Parasol Floor Fixing Base 48 – Medium, **4PBUM** Parasol In-ground Base 48 – Medium

=4SA30C.302

Sail Parasol 3m Circular – 48mm pole
(.302 Canvas coloured)

Diameter: 302cm – 119" **Height:** 266cm – 105"

=4SA40C.302

Sail Parasol 4m Circular – 61mm pole

(.302 Canvas coloured with telescopic pole)

Diameter: 403cm – 159" **Height:** 270cm – 106"

Weight: 24kg – 53lbs **Assembly:** Not Required

Optional purchase: 4PBL Parasol Standard Base 61 – Large,

4PBFL Parasol Freestanding Base 61 – Large,

4PBFFL Parasol Floor Fixing Base 61 – Large,

4PBUL Parasol In-ground Base 61 – Large

Our parasol fabric is made from Sunbrella® 100% solution-dyed acrylic yarn, with the colour locked deep inside the yarn to give excellent resistance to the fading often caused by sunlight and cleaning. The fabric has a Teflon® coating applied to the yarn which helps disperse water. Please see page 220 for Sunbrella® canopy 'awning-weight' fabric.

Although Sunbrella® fabric will not mildew or mould, we recommend that the canopy is cleaned regularly to prevent the accumulation of dirt on the fabric. A stain repellent has been applied to the .302 'canvas-coloured' fabric to make the cleaning process easier – see care products on page 234.

The Sail parasol is made with anodised aluminium poles and the struts are accented with nickel-plated, solid brass fittings for an excellent finish. These parasols and sunshades use aluminium frames and are available in a full range of shapes and sizes.

A storage cover is supplied to protect the parasol when not in use. Standard, freestanding, floor fixing and in-ground bases are available for these parasols, as an optional purchase and are not included.

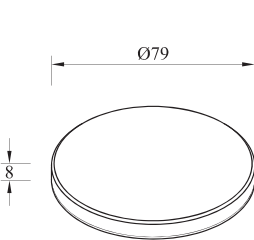

A blanking cap fills the parasol hole in your table when used without a parasol. A reducer ring minimises movement of a parasol pole in a table top. The pole diameter of your parasol determines the correct size to use.

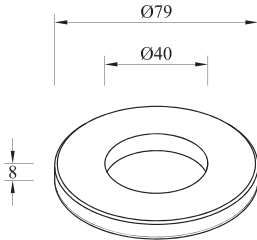

Blanking caps and reducer rings are available in materials to complement your ceramic, teak, powder-coated or HPL table top.

Parasol Hole Blanking Cap – Brass

4PR.00

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.25kg – 0.55lbs

The brass blanking caps fill the parasol hole in your table when used without a parasol. Reducer rings come in three sizes and the pole diameter of your parasol determines the correct size to use.

Parasol Hole Reducer Ring 38mm – Brass

4PR.38

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A brass reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø38mm.

Parasol Hole Reducer Ring 48mm – Brass

4PR.48

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A brass reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø48mm.

Parasol Hole Reducer Ring 61mm – Brass

4PR.61

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.1kg – 0.22lbs

A brass reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø61mm.

Parasol Hole Blanking Cap – Teak

2RH.36

Diameter: 8cm – 3" **Depth:** 1.5cm – 0.6"
Weight: 0.35kg – 0.77lbs

The solid teak caps fill the parasol hole in your table when used without a parasol. Reducer rings come in three sizes and the pole diameter of your parasol determines the correct size to use.

Parasol Hole Reducer Ring – Teak

4PR.37

Diameter: 8cm – 3" **Depth:** 1.5cm – 0.6"
Weight: 0.25kg – 0.55lbs

A teak reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø38mm.

Parasol Hole Blanking Cap – Stainless steel

4PRSS.00

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.25kg – 0.55lbs

The blanking caps fill the parasol hole in your table when used without a parasol. Reducer rings come in three sizes and the pole diameter of your parasol determines the correct size to use.

Parasol Hole Reducer Ring 38mm – Stainless steel

4PRSS.38

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø38mm.

Parasol Hole Reducer Ring 48mm – Stainless steel

4PRSS.48

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø48mm.

Parasol Hole Reducer Ring 61mm – Stainless steel

4PRSS.61

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.1kg – 0.22lbs

A reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø61mm.

Parasol Hole Blanking Cap for Aura and Cayman Tables

F-APC-.01/.02/.04

Diameter: 8cm – 3" **Depth:** 0.8cm – 0.32"
Weight: 0.35kg – 0.77lbs

The powder-coated stainless steel blanking caps come in 3 colours (.01 Graphite, .02 Arctic White and .04 Champagne) and fill the parasol hole in your table when used without a parasol.

Parasol Hole Blanking Cap – Trespa® HPL

P2RH.36

Diameter: 8cm – 3" **Depth:** 1cm – 0.39"
Weight: 0.25kg – 0.55lbs

The Trespa® HPL blanking caps (dark slate grey in colour) fill the parasol hole in your table when used without a parasol.

Sail Sunshade

Our Sunshades are designed to have the strength to match their size, and are built with great attention to detail. We use anodised aluminium and premium stainless steel to ensure the highest quality. All our sunshade canopies are made from durable Sunbrella® fabric, which is woven from 100% solution-dyed acrylic, colour-fast fibre.

Our two retractable Sunshades (with optional side curtains) are designed for large seating arrangements and are ideal for creating your own shaded 'alfresco' dining area.

Sail Sunshades features:

- Anodised aluminium pole and side arms
- Premium stainless steel fittings
- Storage cover is supplied – see detail inserts
- Two Sail Sunshade bases are required and should be ordered separately (not included)
- Minimal maintenance

4SAS40.302

Sail Sunshade 3m x 4m Rectangular (excluding Base 78)
(.302 Canvas coloured)

Length: 410cm – 161" **Length with bases:** 487cm – 191"
Width: 301cm – 118" **Height:** 244cm – 96"
Weight: 50kg – 110lbs **Canopy clearance:** 201cm – 79"
Optional purchase: 4SASW40 Sail Sunshade Curtain 4m,
2 x 4PBFSS Sail Sunshade Floor Fixing Base (2 Bases =
78kg – 172lbs), 2 x 4PBUSS Parasol Base Sail Sunshade –
In-ground

4SAS50.302

Sail Sunshade 3m x 5m Rectangular (excluding Base 78)
(.302 Canvas coloured)

Length: 510cm – 200" **Length with bases:** 587cm – 231"
Width: 301cm – 118" **Height:** 244cm – 96"
Weight: 55kg – 121lbs **Canopy clearance:** 201cm – 79"
Optional purchase: 4SASW40 Sail Sunshade Curtain 4m,
2 x 4PBFSS Sail Sunshade Floor Fixing Base (2 Bases =
78kg – 172lbs), 2 x 4PBUSS Parasol Base Sail Sunshade –
In-ground

4SASW40.302

Sail Sunshade Curtain 4m
(.302 Canvas colour)

Weight: 4kg – 9lbs
Optional purchase: 4SAS40 Sail Sunshade 3m x 4m

4SASW50.302

Sail Sunshade Curtain 5m
(.302 Canvas colour)

Weight: 5kg – 11lbs
Optional purchase: 4SAS50 Sail Sunshade 3m x 5m

Optional Side Curtains for 4m Sail Sunshade (4SASW40) and
5m Sail Sunshade (4SASW50) are available.

Our Sail Sunshade canopy is made from Sunbrella® fabric 100%
solution-dyed acrylic yarn, with the colour locked deep inside the
yarn to give excellent resistance to the fading often caused by
sunlight and cleaning.

A stain repellent has been applied to the 'canvas-coloured' fabric to
make the cleaning process easier.

Pavilions

Pavilions are excellent for large outdoor seating arrangements and ideal for creating your own shaded 'alfresco' dining area. Our pavilions are heavy-duty, semi-permanent structures that will last for years. Frames are made from stamped aluminium and finished with a durable powder coating. Roof fabric and corner dressings are made with Sunbrella® awning-weight fabric for extreme durability.

Sunbrella® fabric is made from 100% solution-dyed acrylic yarn, with the colour locked deep inside the yarn to give excellent resistance to the fading often caused by sunlight and cleaning.

The fabric has a Teflon® coating applied to the yarn which helps disperse water, see page 220 for a choice of 3 colours.

Pavilions are sold with frame, roof fabric, and four corner dressings with tiebacks. The Cabrio model has a novel opening roof, perfect when you want to let the sunshine in. An optional mesh curtain provides a see-through shield from the elements and bugs.

Optional curtains are available that give maximum protection, complete privacy and can be fully closed with a zip. You can draw these curtains on just one or two sides to provide shelter from light winds or strong sunshine. A perfect way to add ambiance to your 'entertaining arena' is with a sheer, light screen that adds movement in the breeze or can be used to shield from the sun or breeze.

Pavilion ground-fixing components that allow you to secure the pavilion to a wood decking or concrete floor are available. We also offer the Permo® Lock anchoring system, which is recommended as a strong, permanent solution for anchoring your shelter against the wind on the beach or in loose soil.

Pavilions features:

- Includes roof frame, corner dressing, and ties
- Semi-permanent structures of the highest quality
- Optional Permo® Lock anchoring system
- Frame is made from heavy duty aluminium with a durable powder coated finish
- Roof and corner dressing made from Sunbrella® furniture weight fabric for extreme durability
- 3-year guarantee for residential use (see warranty)

Pavilions colours:

- .1275 Stone
- .4781 Chocolate
- .4642 Oyster

Mesh curtain colours:

- .4651 Silver
- .4781 Chocolate
- .4604 White

If Sunbrella® Curtains are chosen then Corner Dressing and Corner Ties are not required. Only one set of curtains can be used on the 3.66m x 3.00m Pavilion whilst both sets can be used on the 3.66m x 4.50m and 3.66m x 6.00m Pavilions.

Width: 610cm – 240" **Height:** 200cm – 79"
Weight: 16kg – 35lbs
Optional purchase: **9011220** Pavilion 60 – 6m x 3.66m

909080.0001
Pavilion Sheers (set of 8)
(Colour available: **.0001** White)
Width: 135cm – 53" **Height:** 200cm – 79"
Weight: 4kg – 9lbs **Assembly:** Not Required

909080.0002
Pavilion Sheers (set of 8)
(Colour available: **.0002** Silver)
Width: 135cm – 53" **Height:** 200cm – 79"
Weight: 4kg – 9lbs **Assembly:** Not Required

Secure the pavilion with these
ground-fixing components:
913012 Permo® Lock
Anchoring System

Other ground-fixing accessories
available:
913010 for Wood floors
913011 for Stone floors

Standard Bases – should only be used with the parasol through a table.

4PBLH

Parasol Base Standard Ø61 pole – Large High Dining

Base Length: 60cm – 24" **Base Width:** 60cm – 24"
Height: 75cm – 30" **Weight:** 30kg – 66lbs
Included: 4PBPSD Parasol Base – Standard plate,
 4PBTLH Parasol Base – Large High Dining Tube
 (takes a pole diameter Ø61mm)

4PBMH

Parasol Base Standard Ø48 pole – Medium High Dining

Base Length: 60cm – 24" **Base Width:** 60cm – 24"
Height: 75cm – 30" **Weight:** 29kg – 64lbs
Included: 4PBPSD Parasol Base – Standard plate,
 4PBTMH Parasol Base – Large Counter-Height Dining
 Tube (takes a pole diameter Ø48mm)

4PBL

Parasol Base Standard Ø61 pole – Large

Base Length: 60cm – 24" **Base Width:** 60cm – 24"
Height: 44cm – 17" **Weight:** 29kg – 64lbs
Included: 4PBPSD Parasol Base – Standard plate,
 4PBTL Parasol Base – Large Tube
 (takes a pole diameter Ø61mm)

4PBM

Parasol Base Standard Ø48 pole – Medium

Base Length: 60cm – 24" **Base Width:** 60cm – 24"
Height: 44cm – 17" **Weight:** 24kg – 53lbs
Included: 4PBPSD Parasol Base – Standard plate,
 4PBTM Parasol Base – Medium Tube
 (takes a pole diameter Ø48mm)

4PBS

Parasol Base Standard Ø38 pole – Small

Base Length: 60cm – 24" **Base Width:** 60cm – 24"
Height: 41cm – 16" **Weight:** 23kg – 51lbs
Included: 4PBPSD Parasol Base – Standard plate,
 4PBTS Parasol Base – Small Tube
 (takes a pole diameter Ø38mm)

4PBSS

Parasol Base Sail Sunshade – for 4SAS40 or 4SAS50

(two bases required)

Base Length: 100cm – 39" **Width:** 50cm – 20"
Height: 31cm – 12" **Weight:** 39kg – 86lbs
Included: 4PBPS5 Parasol Base – Sail Sunshade plate,
 4PBTSS Parasol Base – Sail Sunshade Tube

4PBPL

Parasol Pedestal/Bistro Base Ø59 – Large

Base Diameter: 59cm – 23" **Weight:** 22kg – 49lbs
Optional purchase: 2EQC10.T Bistro Table 100,
 2EQCH10 Equinox high dining table

4PBPS

Parasol Pedestal/Bistro Base Ø39 – Small

Base Diameter: 39cm – 15" **Weight:** 11kg – 24lbs
Optional purchase: 2EQC07.T Bistro Table 70,
 2EQCH07 Equinox high dining table

Parasol Weighted Bases

Our custom made parasol bases are made of steel which receives a zinc electroplating to retard oxidation, then a final coat of a durable grey powder coat paint finish.

Freestanding Bases – have rollers on one edge to aid positioning with the parasol in situ.

4PBLH

Parasol Base Freestanding Ø61 pole – Large High Dining

Base Length: 74cm – 29" **Base Width:** 74cm – 29"
Height: 75cm – 30" **Weight:** 48kg – 105lbs
Included: 4PBPF Parasol Base – Freestanding plate,
 4PBTLH Parasol Base – Large High Dining Tube
 (takes a pole diameter Ø61mm)

4PBFMH

Parasol Base Freestanding Ø48 pole – Medium High Dining

Base Length: 74cm – 29" **Base Width:** 74cm – 29"
Height: 75cm – 30" **Weight:** 47kg – 103lbs
Included: 4PBPF Parasol Base – Freestanding plate,
 4PBTMH Parasol Base – Large Counter-Height Dining
 Tube (takes a pole diameter Ø48mm)

4PBL

Parasol Base Freestanding Ø61 pole – Large

Base Length: 74cm – 29" **Base Width:** 74cm – 29"
Height: 44cm – 17" **Weight:** 47kg – 103lbs
Included: 4PBPF Parasol Base – Freestanding plate,
 4PBTL Parasol Base – Large Tube
 (takes a pole diameter Ø61mm)

4PBFM

Parasol Base Freestanding Ø48 pole – Medium

Base Length: 74cm – 29" **Base Width:** 74cm – 29"
Height: 44cm – 17" **Weight:** 46kg – 101lbs
Included: 4PBPF Parasol Base – Freestanding plate,
 4PBTM Parasol Base – Medium Tube
 (takes a pole diameter Ø48mm)

4PBF5

Parasol Base Freestanding Ø38 pole – Small

Base Length: 74cm – 29" **Base Width:** 74cm – 29"
Height: 41cm – 16" **Weight:** 45kg – 99lbs
Included: 4PBPF Parasol Base – Freestanding plate,
 4PBTS Parasol Base – Small Tube
 (takes a pole diameter Ø38mm)

4PBFC.04

Napoli Cantilever Parasol – Freestanding Base

(Champagne Frame)

Length: 97cm – 38" **Width:** 97cm – 38"
Height: 8cm – 3" **Weight:** 38kg – 84lbs
Note: To counter-weight and balance the 3.5m and 4m
 Napoli Cantilever Parasol, the 4PBFC base requires
 x12 concrete slabs: (not supplied) 45cm x 45cm x 3cm.

Standard, Freestanding, Floor fixing or In-ground bases are required for our parasols (not included).

Pedestal/Bistro Bases

These base plates are for use with our Equinox and Bermuda pedestal/bistro tables where the pedestal prevents the use of a standard parasol base with a tube. Fixing bolts are located at the table base.

Floor Fixing Bases – are bolted to a solid surface with the tube and connecting plate removable, when not in use.

Parasol Base Floor Fixing Ø61 pole – Large High Dining

Base Length: 30cm – 12" **Base Width:** 30cm – 12"
Height: 75cm – 30" **Weight:** 9kg – 20lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBT LH Parasol Base – Large High Dining Tube
(takes a pole diameter Ø61mm)

Parasol Base Floor Fixing Ø48 pole – Medium High Dining

Base Length: 30cm – 12" **Base Width:** 30cm – 12"
Height: 75cm – 30" **Weight:** 8kg – 18lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBT MH Parasol Base – Large Counter-Height Dining
Tube (takes a pole diameter Ø48mm)

Parasol Base Floor Fixing Ø61 pole – Large

Base Length: 30cm – 12" **Base Width:** 30cm – 12"
Height: 44cm – 17" **Weight:** 8kg – 18lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBT L Parasol Base – Large Tube
(takes a pole diameter Ø61mm)

Parasol Base Floor Fixing Ø48 pole – Medium

Base Length: 30cm – 12" **Base Width:** 30cm – 12"
Height: 44cm – 17" **Weight:** 8kg – 18lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBT M Parasol Base – Medium Tube
(takes a pole diameter Ø48mm)

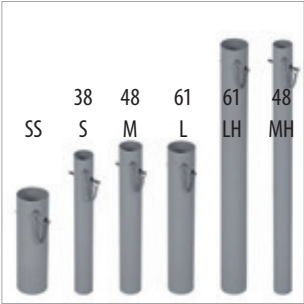

Parasol Base Floor Fixing Ø38 pole – Small

Base Length: 30cm – 12" **Base Width:** 30cm – 12"
Height: 42cm – 17" **Weight:** 7kg – 15lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBT S Parasol Base – Small Tube
(takes a pole diameter Ø38mm)

Parasol Base Floor Fixing – for 4SAS40 or 4SAS50
(two bases required)

Base Length: 30cm – 12" **Base Width:** 30cm – 12"
Height: 31cm – 12" **Weight:** 8kg – 18lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBT SS Parasol Base – Sail Sunshade Tube

In-ground Bases – comprises a tube sized for your parasol, a connecting plate and a base that is concreted into the ground. The tube can be removed when not in use.

Parasol Base In-ground Ø61 pole – Large High Dining

Base Length: 10cm – 4" **Base Width:** 10cm – 4"
Height: 121cm – 48" **In-ground depth:** 47cm – 19"
Weight: 7kg – 15lbs **Included:** 4PBU Parasol In-ground
Base, 4PBT LH Parasol Base – Large High Dining Tube
(takes a pole diameter Ø61mm)

Parasol Base In-ground Ø48 pole – Medium High Dining

Base Length: 10cm – 4" **Base Width:** 10cm – 4"
Height: 121cm – 48" **In-ground depth:** 47cm – 19"
Weight: 6kg – 13lbs **Included:** 4PBU Parasol In-ground
Base, 4PBT MH Parasol Base – Large Counter-Height
Dining Tube (takes a pole diameter Ø48mm)

Parasol Base In-ground Ø61 pole – Large

Base Length: 10cm – 4" **Base Width:** 10cm – 4"
Height: 89cm – 35" **In-ground depth:** 47cm – 19"
Weight: 6kg – 13lbs **Included:** 4PBU Parasol In-ground
Base, 4PBT L Parasol Base – Large Tube
(takes a pole diameter Ø61mm)

Parasol Base In-ground Ø48 pole – Medium

Base Length: 10cm – 4" **Base Width:** 10cm – 4"
Height: 89cm – 35" **In-ground depth:** 47cm – 19"
Weight: 5kg – 11lbs **Included:** 4PBU Parasol In-ground
Base, 4PBT M Parasol Base – Medium Tube
(takes a pole diameter Ø48mm)

Parasol Base In-ground Ø38 pole – Small

Base Length: 10cm – 4" **Base Width:** 10cm – 4"
Height: 87cm – 34" **In-ground depth:** 47cm – 19"
Weight: 5kg – 11lbs **Included:** 4PBU Parasol In-ground
Base, 4PBT S Parasol Base – Small Tube
(takes a pole diameter Ø38mm)

Parasol Base In-ground – for 4SAS40 or 4SAS50
(two bases required)

Base Length: 10cm – 4" **Base Width:** 10cm – 4"
Height: 77cm – 31" **In-ground depth:** 47cm – 19"
Weight: 6kg – 13lbs
Included: 4PBU Parasol In-ground Base,
4PBT SS Parasol Base – Sail Sunshade Tube

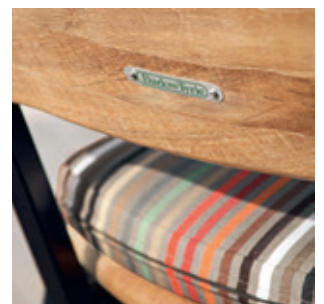

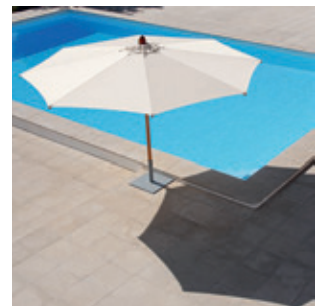

Napoli Base In-ground – for Cantilever Parasols
(Champagne Frame)

Length: 8cm – 3" **Width:** 8cm – 3"
Height: 85cm – 33" **In-ground depth:** 47cm – 19"
Weight: 11kg – 24lbs
Included: 4PBUCA-G Parasol In-ground Cantilever
Anchor Base, 4PBUCC.04 Parasol In-ground Cantilever

Whilst we have long been renowned for working with teak, we are constantly searching for new materials that will bring innovative design, texture and colour to our outdoor furniture.

The collection of interesting materials, with which we now work, allows us to offer a wide range of furniture and accessories that give pleasure to the life and leisure of our discerning customers.

Cushion colours

Our cushions are manufactured using Sunbrella®, a colourfast fabric that is made from a durable, all-weather, 100% solution-dyed Teflon® coated acrylic fibre. This fabric repels water, but cushions should not be left out in heavy rain for prolonged periods. If cushions do become saturated, place them on edge until dry.

All fabrics are available in Sunbrella® Standard and Sunbrella® Rain® fabric. Rain® fabric has an additional barrier that makes the fabric waterproof and the surface of the cushion quick drying. Please note that although the fabric is waterproof, zips and venting will allow ambient moisture from the atmosphere to enter the cushion. Please do not store cushions until dry. There is an additional charge for cushions in Sunbrella® Rain® fabric.

When ordering cushions, please suffix the fabric colour code to the cushion code. For stock colours outside the USA please see our current selection opposite. If the waterproof Sunbrella® Rain® option is required, please add a 'V' to the fabric code, e.g. Canvas Natural = **SJA-5404 V**.

In the **USA**, a much wider selection of Sunbrella® fabrics is available and we make all cushions to special order – please see the Sunbrella® website: www.sunbrella.com/en-us/. We price cushions by grade with different fill and welt options available. Customer's Own Material (C.O.M.) orders are welcome, please email your enquiry to: **USsales@teak.com**.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Sunbrella® features:

- The unique formula of Sunbrella® fabric together with their high production standards make the fabric easy to clean and fade resistant
- Please note that 'standard' stock colours may not apply to the USA stockists. Due to the vast choice available from Sunbrella® fabrics, we bespoke manufacture our cushions and pillows to order
- In the USA, selected Sunbrella® Rain® fabrics are available as an option
- In the USA, no specific legal requirement is necessary for fire retardant cushions for outdoor furniture
- Please note when ordering cushions in USA – the fabric name, colour and/or fabric code used are sometimes different:
.3705 Charcoal (Europe) and **5489** Canvas Coal (USA);
.5404 White Sand (Europe) and **5404** Canvas Natural (USA);
.5476 Pepper (Europe) and **5476** Canvas Heather Beige (USA).

Note: Sunbrella® Taupe cushion colour has two different codes, in the European Collection **3729** which is fire retardant and in the North America Collection **5461 V** is available as Rain® V77 fabric.

Not all fabrics may be available in the USA. Cushions are priced by grade with different fill and welt options available. Customer's Own Material (C.O.M.) orders are welcome, please email your enquiry to: **USsales@teak.com**.

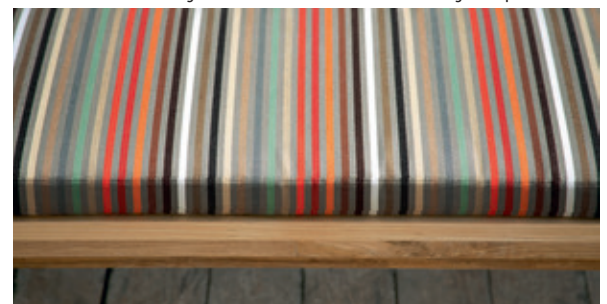

Cushion fabrics and seat pads have a water repellent finish applied but are not waterproof and should not be left out in heavy rain. There is an additional charge for Sunbrella® Rain® barrier finish fabrics.

Disclaimer: Whilst great care has been taken to reproduce fabric and material colours as accurately as possible, it should be noted that due to the limitations of the litho-printing process, we cannot guarantee that the reproduction accurately represents true fabric textures and colours.

Please take this into consideration as colours illustrated should only be used as a guide. Some images may contain discontinued fabric colours and furniture ranges.

Are our fabrics waterproof?

Yes – we have cushions in Sunbrella® Rain® fabric that has an additional barrier finish, which makes the fabric waterproof and quick drying. The zips and vents are not waterproof but are protected from rain by a folded flap. Cushions should be placed with the flap down, as illustrated to the right.

Cushion covers are designed to provide maximum weather protection with comfort and breath-ability.

Optional waterproofing for your cushions

When ordering cushions, please suffix your fabric code to the cushion code. If the waterproof option is required, please add (V) to the fabric code, e.g. **SJA-5404-V** Canvas Natural. There is an additional charge for Rain® barrier finish fabrics. If you require help in choosing your cushions then please telephone or email your enquiry – please see our website for contact details.

How do I clean cushions?

One of the best ways to keep your cushions looking good and to minimise the need for deep or vigorous cleaning is to properly maintain the fabric. You can do this by brushing off dirt before it becomes embedded in the fabric and, wiping or spot cleaning spills as soon as they occur. A stain repellent may be applied to the fabric. A comprehensive guide to cleaning various spills is available on the Sunbrella® website.

After cleaning cushion and parasol fabric we recommend the use of 'Barlow Tyrie Fabric Weather Guard' (**4FWG**). It is easier to leave the cushion covers on during the cleaning process. Cushions that are cleaned before storage will be ready and waiting for the sun to shine. Please do not store cushions until fully dry.

Parasols & Pavilions

Both parasols and pavilions (roof, full curtains, and corner dressings) are manufactured from Sunbrella® canopy fabric, a durable, 100% solution-dyed acrylic. The colour is locked deep inside the yarn to give excellent resistance to the fading often caused by sunlight and cleaning. A stain repellent has been applied to the fabric to make the cleaning process easier.

Pavilions come with optional full fabric curtains, sheer panels, and zipped mesh curtains which carry an additional charge (standard supply is frame, roof, and corner dressings). Pavilions come in a choice of colour, but Parasols and the Sail Sunshade are available in **.302** 'Canvas colour' only. Our Sunshades are designed to have the strength to match their size, and are built with great attention to detail – see page 200.

Parasol, Sunshade and Pavilion fabric features:

- Our parasol 'Canvas colour' fabric is made from 100% solution-dyed acrylic yarn
- Both Napoli and Sail parasols and sunshade are available in the **.302** 'Canvas colour' only
- Special order canopies are available in the USA for most parasols other than Cantilever or Sunshade – please enquire at: **USsales@teak.com**

Pavilions are available in three Sunbrella® 'awning-weight' canopy fabric colours (see page 220):

-  **.1275** Stone
-  **.4642** Oyster
-  **.4781** Chocolate

A pavilion provides the ultimate, permanent shelter for a seating group or large dining area.

These pavilions are permanent structures of the highest quality and will last for years. The frame is made from heavy duty aluminium and the roof from Sunbrella® heavy duty fabric, which will not fade when exposed to strong sunlight.

Slings & Cord

Atom, Aura, Equinox, Horizon, Mercury, and Monterey

All slings are made either from Textilene®, a woven PVC-coated polyester yarn or Sunbrella® woven fabric, for extra luxury. Focusing on subtle patterns that read as textures, Sunbrella® sling allows you to achieve an elevated indoor aesthetic in an outdoor setting. These materials guarantee that our slings are strong, durable, mildew resistant, and require the minimum of maintenance. After rain, a light tap and any water simply drops off.

To keep your Sunbrella® fabrics and Textilene® slings in optimum condition we recommend using 'Woven & Sling Non-Foam Cleaner' (4WTC) – see page 235.

The Atom armchair seat is made from 'Denim' Sunbrella® sling fabric to create a clean line that is comfortable.

Our elegant Monterey armchair is built using quality materials and refined construction methods, combining a sculpted solid teak frame. The seat and back uses braided all-weather cord that's a woven blend of Olefin fibre (a key feature is its light fastness – see page 220) and all-weather Textilene®, making it rugged but with a soft hand. Monterey offers a choice of two cord colours: **.400** Brown or **.401** Chalk.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours.

Slings & Cord features:

- Over two hundred feet of all-weather Textilene® cord is used for the dining Monterey armchair seat and backrest
- Sunbrella® fabric sling blends the strength of PVC with the softness of Sunbrella® acrylic yarn for added comfort
- Minimal care and maintenance
- Resistant to the outdoor environment

Sling fabrics – Textilene® and Sunbrella®

The Aura collection are available in 3 set colourways. When ordering from these collections, please add the correct colour suffix to the product code. Aura non-Modular and Modular seating comes in the standard frame + Textilene® sling colour.

The Equinox stainless steel extending dining table 360, is available powder coated/painted, in 2 colourways:

.01 Graphite powder coated frame and **.808** Dusk ceramic tabletop, with matching **.513** Carbon Sunbrella® fabric slings for dining side chair and armchair.

.02 Arctic White powder coated frame and **.806** Frost ceramic tabletop, with matching **.512** Seagull Sunbrella® fabric slings for dining side chair and armchair.

The Equinox or Mercury 'powder coated/painted' armchairs (and loungers) are available in both Carbon and Seagull Sunbrella® sling colours, which complement the tables.

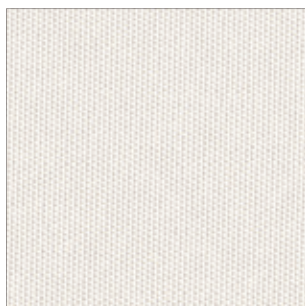

The Atom armchair uses Denim Sunbrella® sling fabric. This sling fabric blends the strength of PVC with the softness of Sunbrella® acrylic yarn for added comfort.

Parasol and Pavilion fabrics

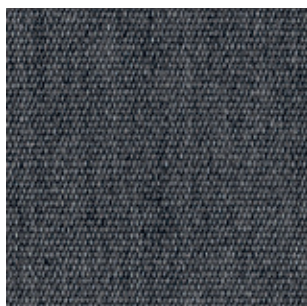

Both parasols and pavilions are manufactured from Sunbrella® canopy fabrics, a durable, 100% solution-dyed acrylic. With the parasol fabric colour locked deep inside the yarn, it gives excellent resistance to the fading often caused by sunlight and cleaning.

Pavilion fabric colour codes are:

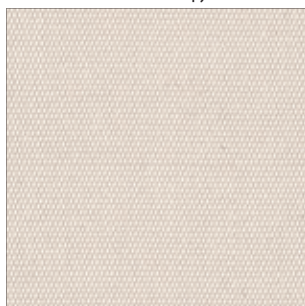

.1275 = Stone; **.4642** = Oyster; **.4781** = Chocolate

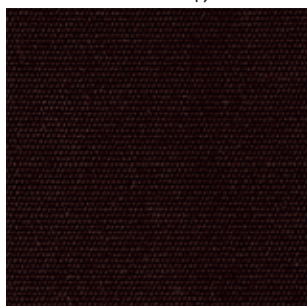

.302 Parasol Canvas Canopy Fabric

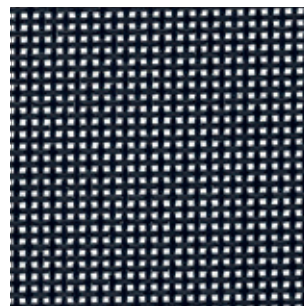

.1275 Pavilion Stone Canopy Fabric

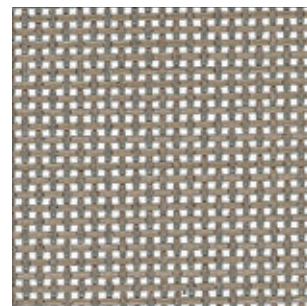

.4642 Pavilion Oyster Canopy Fabric

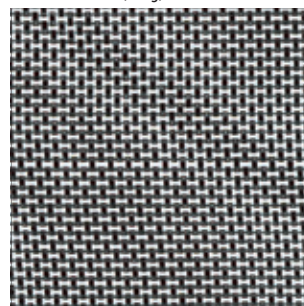

.4781 Pavilion Chocolate Canopy Fabric

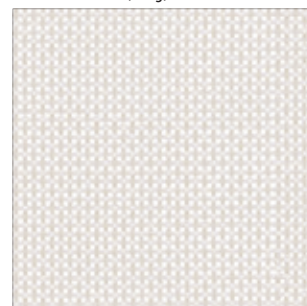

.500 Charcoal (sling)

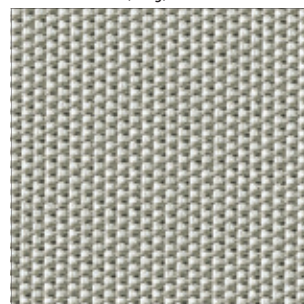

.502 Titanium (sling)

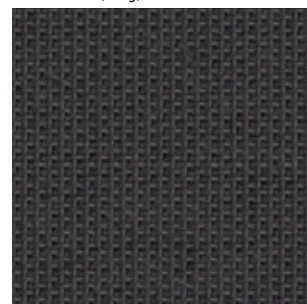

.504 Platinum (sling)

.505 Pearl (sling)

.512 Seagull (Equinox / Mercury sling only)

.513 Carbon (Equinox / Mercury sling only)

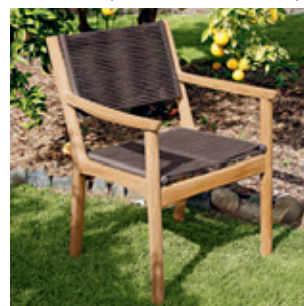

.514 Denim (Atom sling only)

.400 Brown (Textilene® Olefin fibre cord)

.401 Chalk (Textilene® Olefin fibre cord)

The Monterey collection has 2 colour combinations.

The dining armchair uses Textilene® / Olefin fibre cord: **.400** Brown or **.401** Chalk and for the Italian ceramic table top: **.805** Oxide or **.806** Frost.

Powder coated frames

Atom, Aura, Equinox, Layout, Mercury, Monterey and Titan

These products are powder coated to give a long period of maintenance free service with a stunning visual effect. We use an environmentally-friendly process to clean and etch the aluminium and stainless steel before applying a high quality oven-fired powder coating.

Equinox, Layout and Mercury offer powder coated dining side chairs, armchairs and settees, using a 'marine grade' stainless steel frame and seating in complimentary sling colours.

The Equinox extending dining table 360 features a **.01** Graphite powder coated frame with a **.808** Dusk ceramic top or a **.02** Arctic White frame with a **.806** Frost ceramic top.

Monterey tables have a **.02** Arctic White frame with a **.806** Frost ceramic top or a **.01** Graphite frame with a **.805** Oxide ceramic top.

Product care and maintenance

For powder coated finishes it is important that the finish is cleaned regularly using a solution of mild detergent in warm water to retain the aesthetic qualities and the expected long term durability.

Surfaces should be cleaned using a soft cloth, sponge or a natural bristle brush, avoiding abrasive materials that may damage the finish. The frequency of cleaning depends upon the environment in which the products are placed but as a general guide an annual clean will suffice in most urban environments. In areas of high pollution, such as marine and swimming pools, cleaning should be carried out on a more frequent basis.

Aluminium and stainless steel products – Frame touch-up paint colours

- 7TUP.01** "Graphite" touch-up paint – 12ml.
- 7TUP.02** "Arctic White" touch-up paint – 12ml.
- 7TUP.04** "Champagne" touch-up paint – 12ml.
- 7TUP.08** "Black" Titan range touch-up paint – 12ml.
- 7TUP.14** "Forge Grey" Layout range touch-up paint – 12ml.

Localised damage to powder coated finishes can generally be successfully repaired. The exact techniques depend on the nature and extent of the damage. Powder-coat is a "dry" baked on finish, not a "wet" applied paint, therefore, our "wet" touch-up paints do not exactly match the original colour.

.01 Graphite (powder coated frame)

.02 Arctic White (powder coated frame)

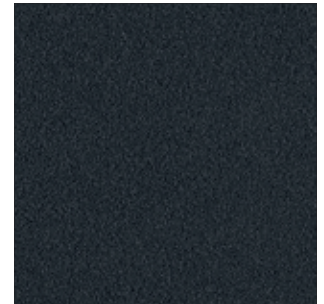

.03 Grey (powder coated Parasol Bases)

.04 Champagne (powder coated frame)

.08 Black (powder coated Titan frame)

.14 Forge Grey (p/coated Layout frame)

Note: Aura collection are available in 3 colourways for Frame and Textilene® sling:

- .01.500** Graphite + Charcoal
- .02.505** Arctic White + Pearl
- .04.502** Champagne + Titanium

The Equinox dining side chair and armchair plus the Mercury armchair are available in 2 colourways: **.01** Graphite and **.02** Arctic White powder coated frame, with bespoke matching fabric slings.

The Titan products (below) are part of our Rustic Teak range of furniture – see page 134. The serving table features an insulated ice box for drinks, drawers, bottle racks and a removable table extension leaf.

The collection includes an extremely comfortable stacking armchair with shaped rustic teak back and seat on a black powder coated aluminium frame available in **.08** Black. Touch-up paints for our furniture collections are available, to repair any damage that might occur during its lifetime of domestic use.

Ceramic tabletops

We offer our ceramic tabletops in 'high-fired' ceramic that are ideal for outdoor use; scratch-proof, weather-resistant and attractive. All ceramics have a wipe clean surface with good colour stability.

The Monterey ceramic tabletops are available in "Oxide" and "Frost" and the Equinox ceramic tabletops, including our extending tables, use "Frost" and "Dusk".

Please note that we supply the Mercury serving table (**2MES**) with a standard ceramic top in 'Nero Black' but we have a selection of optional ceramic tops (**2MEST**) as follows: **.805** Oxide; **.806** Frost and **.808** Dusk.

Ceramic features:

- Ideal for outdoor use; scratch-proof, weather-resistant and long-lasting beauty
- Wipe clean surface and good colour stability
- A 'high-fired' Italian ceramic that is very functional

The aesthetic properties

The ceramic sheets we use are very large, which makes them ideal for a one-piece table top. In addition to being functional this 'high-fired' Italian ceramic has a lot of design detail.

How do I care for ceramic surfaces?

Ceramic resists scratching and is not harmed by organic and inorganic solvents, disinfectants, and detergents. It can be easily cleaned without affecting its surface characteristics. We recommend using no more than soapy water and a sponge to maintain the aesthetic and practical qualities of this exceptional material.

Innovation

The new ceramic are thicker single layer sheet with a fibreglass mesh backing, designed to ensure surface evenness. Often referred to as 'high-fired' due to the fact it is baked/fired in an electric kiln at an exceptionally high temperature (around 1220°C over 2000°F) to produce a porcelain product that has high surface strength. The scientific term is *Sintering*, the process of compacting and forming a solid mass of material by heat.

These fine sheets are then cut, profiled, and polished by hand to give a smooth soft edge. This Italian made ceramic makes our tabletops exceptionally resistant to breakage.

This product has many exceptional features, including;

- Non-porous, meaning it is naturally anti-bacterial and hygienic
- Does not require annual sealing unlike natural marble and granite
- Frost proof. Winter snows will not harm it
- Highly scratch, stain and UV resistant properties

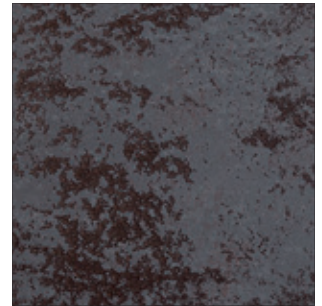

What are the features claimed by Laminam ceramic?

Manufactured using advanced techniques, the sheets combine reduced thickness and large size with very high resistance to mechanical stresses, chemicals, wear, scratches, deep abrasion and bending, are easy to sanitise, resistant to frost, fire, mould and UV rays.

All the features and chromatic properties of the sheets are unalterable, and remain unchanged over time and in the presence of all kinds of weather conditions. A revolutionary material respectful of the environment: natural raw materials, sustainable technology, products entirely recyclable are the basis of Laminam's green policy.

Reaction to fire means "degree of participation of a material in the development and propagation of fire to which it is subjected"; as regards this feature, materials like Laminam are assigned to European classes according to their increased degree of participation in combustion, in accordance with standard EN 13501.

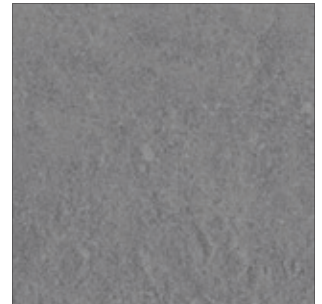

The reaction to fire therefore assesses the higher or lower propensity a material has to participate in a fire. While the fire resistance, which is a property related to a system or a structure and not to a single material, is different. Laminam does not contain organic material therefore it is resistant to fire and high temperatures. In the event of fire it does not release smoke or toxic substances.

.805 Oxide (ceramic)

.806 Frost (ceramic)

.808 Dusk (ceramic)

Weave & Glass tabletops

Our woven ranges have all been designed for minimal care and maintenance, with the synthetic material hand-woven over a powder coated aluminium frame. The finished product is strong and highly resistant to the rigours of an outdoor environment.

Our furniture can be left out all year round. However, as part of a maintenance programme we recommend the use of 'Barlow Tyrie Woven & Sling Non-Foam Cleaner' (**4WTC**) to keep your furniture in optimum condition.

The Savannah tables have tempered glass tops, and the Mercury dining table tops are acid-etched tempered glass with a matt finish, both of which are easy to clean.

Please see page 234 for Barlow Tyrie care products and page 213 for cushion colours. Cushions are included with our deep seating furniture, so when ordering please suffix the fabric colour code to the product code. An optional seat pad or loose scatter cushions are available separately.

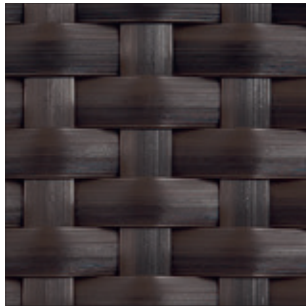

Weave & acid-etched tempered glass features:

- Minimal care and maintenance
- Strong and highly resistant to the outdoor environment
- Tables use 'natural clear' acid-etched tempered glass tops
- Toughened or tempered glass is a type of safety glass processed by controlled thermal or chemical treatments to increase its strength compared with normal glass

Savannah is a large range of woven products designed by the late, eminent, New York furniture designer Vladimir Kagan. The collection includes comfortable high backed chairs, settees, dining and occasional tables plus a matching lounge.

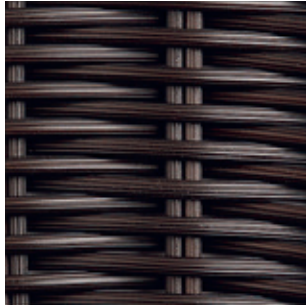

Classic styling and deep sweeping curves make this chair look just as good indoors as it does out. Hand woven from synthetic wicker ensures this chair is low maintenance and completely resistant to sun and rain, so you can leave it outdoors all year round.

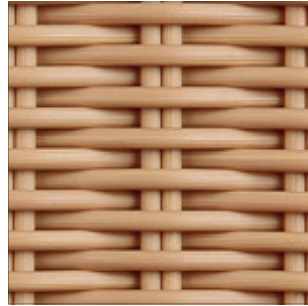

Woven, Arizona – Java Flat weave

Woven, Savannah – Java Flat weave

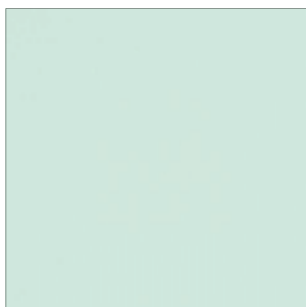

Woven, Dune – Java Round weave

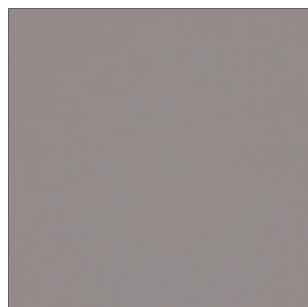

Woven, Dune – Straw Round weave

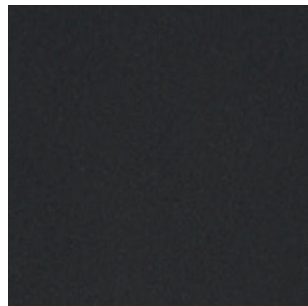

The Dune daybed and ottoman are woven products designed by the late, renowned New York furniture designer, Vladimir Kagan. The collection includes thick base cushions and 5 scatter cushions for luxury and comfort. The daybed and ottoman nest neatly together when not in use. All-weather solid core synthetic weave which is highly resistant to the environment with the minimum of maintenance. Cushions use Sunbrella® fabric, made from a durable, 100% solution-dyed acrylic fibre, with 5-year guarantee for residential use.

.605 Platinum (etched-glass)

.606 Charcoal (etched-glass)

Plaques & Inscriptions

Our inscription service is available for most of our teak armchairs, benches, and seats. The inscription is normally placed on the top rail but could be on the rail under the chair seating or on a table top. This 3D-lettering is carved in a traditional serif typeface using a 'V'-cut, which allows the inscription to be read easily from the side as well as from immediately in front, which is an advantage over a standard 'straight-cut' letter.

As an alternative to carved inscriptions, we offer bronze plaques with lettering set in cream vitreous enamel. A choice of lettering and font styles is available. The finished plaque is then recessed into the face of the rail and held in position using a special hidden vandal-proof fitting.

Inscription service & bronze plaque features:

- 3D-lettering is carved in a traditional serif typeface
- We use a 'V'-cut inscription, that is easily read from the side and immediately in front
- We offer bronze plaques, unique and bespoke in design, and we can make these to length

5CA

Carved Inscription – Serif font

Note: Our carved inscription service may be used on most of our teak armchairs, benches and seats. We normally supply the inscription in capital letters using a 'Times New Roman' serif font at 2.5cm (1") in height. If more than one line of text is required we might need to reduce the height of text depending on the model of seat.

The maximum number of characters and length of an inscription will depend on the seat model, the length of the seat, the height of text, whether upper or lower case or the font used. Our Rothesay seat allows 3 rows of text whilst other seats can only accommodate up to 2 rows.

Times New Roman is our standard font but we are able to supply bespoke inscriptions in other fonts plus inscriptions in foreign language scripts such as Chinese or Arabic. We can supply teak panels in a seat back with a logo or a club crest, if suitable artwork is available – please inquire.

5BPS

Bronze Plaques

Note: Our bronze plaque service may be used with most of our seats and benches. We supply as standard a 57mm deep (approx. 2") bronze plaque with 6mm – (0.25") block letters, see detailed image opposite. However we can supply plaques to any size and lettering in any font – please inquire.

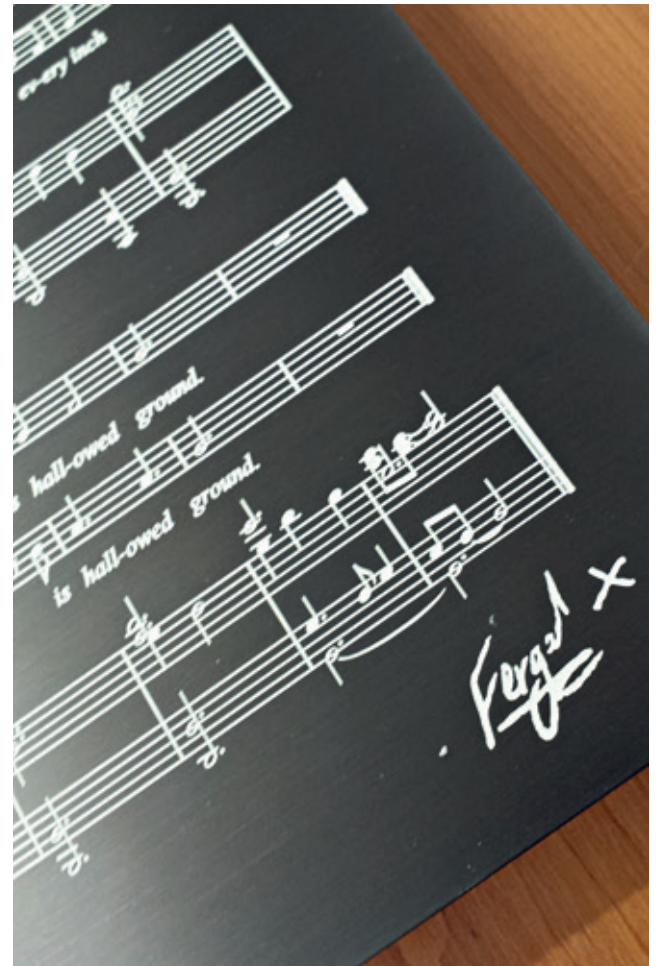

5BPL

Bronze Plaque Letters

Note: The engraved lettering is filled with vitreous cream enamel that is not affected by an outdoor environment. Alternative 'soft filling' offered by other suppliers often used on plaques sited inside a building, is totally unsuitable for use outdoors and should be avoided.

Our plaques are recessed to finish flush with the surface of the seat rail with a hidden fixing that leaves the visible face of the plaque clear and makes its unauthorised removal difficult.

Plaques allow you to be creative with your choice of font or an image as illustrated by the 'musical notes' plaque below.

Security fasteners

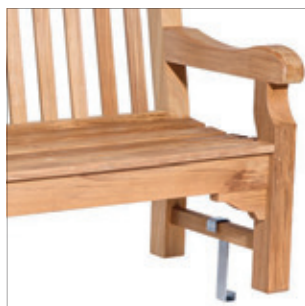

We have two types of security fastener to prevent the unauthorised movement of seats or other items in public areas.

We supply stainless steel fixing irons that must be cast into a concrete block to secure a seat.

We supply brass fixing brackets secure any item of furniture in place on a solid floor. These polished brass security fasteners are supplied with tamper-proof fixings for use on concrete, paving, and wood floors.

Security fasteners features:

- Stainless steel seat fixing irons – set of 2
- Anchors a bench or chair into the ground
- Brass security fasteners – set of 4
- Supplied with tamper-proof fixings

4FI

Seat Fixing Irons (2 required – price each)**Length:** 24cm – 9" **Width:** 4cm – 1.5"**Weight:** 1kg – 2lbs**Note:** Stainless steel seat security fasteners to prevent unauthorised movements of seats in public places. These fasteners must be cast into a concrete block.

4SF

Brass Security Fasteners (set of 4)**Width:** 5cm – 2" **Height:** 8cm – 3"**Weight:** 0.75kg – 1.5lbs**Note:** A set of 4 polished brass security fasteners to prevent the unauthorised movement of seats or other items in public areas. Supplied with a tamper proof fixing for use on floors of concrete, paving or wood.

Care products

Teak furniture can be left out all year round. However, as part of a maintenance programme we recommend the use of Teak Cleaner each spring to prepare your furniture for the season.

If untreated, teak will weather to a soft silver grey patina. If you wish to slow the weathering process and retain the golden teak colour, apply Teak Colour Guard before the weathering process begins.

Although stainless steel products are made to withstand the rigours of an outdoor environment, regular care and maintenance is required to preserve the fine appearance of your furniture. We offer care products for all the furniture we supply, which are easy to use and very effective. An annual or twice-yearly maintenance regime will be more than adequate in most instances to maintain your furniture in prime condition; however in coastal and chlorinated environments we recommend rinsing your stainless steel furniture with fresh water.

For powder coated furniture we suggest you clean and maintain your furniture with Powder Coated Stainless Steel & Aluminium Cleaner. To keep your Sunbrella® furniture fabrics and Textilene® slings in optimum condition we recommend using Woven & Sling Non-Foam Cleaner.

We supply cleaning products with their own applicator pad.

Anti-Wasp Solution (not available in the USA)

Instructions for use:

1. Make sure the wood is 100% dry;
2. Apply a light coat of the Anti-Wasp solution with a clean, lint free cloth and allow to dry for 30 minutes;
3. Repeat the process and allow to dry for 1 hour before exposing to the sun or rain;
4. If necessary, repeat the treatment once or twice during the wasp season.

4WS

4AC

Powder Coated Stainless Steel & Aluminium Cleaner

Quantity: 1 litre **Note:** Powder Coated Stainless Steel & Aluminium Cleaner easily removes dirt and grease, oil, pollutants, and mould from the furniture. Supplied with its own special applicator pad.

4FWG

Fabric Weather Guard

Quantity: 1 litre **Note:** Fabric Weather Guard protects the fabric and slows down the aging effects of weathering. Supplied with its own special applicator pad.

4SSCG

Stainless Steel Clean and Guard

Quantity: 1 litre **Note:** Stainless Steel Clean & Guard cleans and leaves a fine layer of Teflon® on the surface to help prevent the build up of contaminants. Supplied with its own special applicator pad.

4TCG

Teak Colour Guard

Quantity: 1 litre **Note:** Teak Colour Guard helps maintain the golden brown colour of new teak. Supplied with its own special applicator pad.

4TC

Teak Cleaner

Quantity: 1 litre **Note:** Teak Cleaner cleans and restores discoloured, dark grey teak. Contains brightener ingredients which will restore your teak to its original colour. Supplied with its own special applicator pad.

4TO

Teak Oil

Quantity: 500ml **Note:** By choosing teak you have selected the finest, most durable material available for outdoor furniture. Teak Oil is the traditional method of retaining original colour of new teak. Ensure that the wood is completely dry before applying, brush or rag. Apply liberally and wipe off the excess with a rag.

4TSG

Teak Stain Guard

Quantity: 1 litre **Note:** Teak Stain Guard forms an invisible layer to protect your teak from everyday stains such as butter, oil, and red wine, making the cleaning of accidental spills an easy task. Supplied with its own special applicator pad.

4WS

Anti-Wasp Solution

Quantity: 1 litre **Note:** Anti-Wasp Solution is applied to outdoor furniture to deter wasps from defacing weathered wood.

Not available in the USA

4WTC

Woven & Sling Non-Foam Cleaner

Quantity: 1 litre **Note:** Woven & Sling Non-Foam Cleaner is a non-foam agent that maintains woven furniture and Textilene® slings and Sunbrella® fabrics without unsightly residue. Supplied with its own special applicator pad.

Frequently Asked Questions

Which materials do Barlow Tyrie use?

We combine the highest quality materials with superior craftsmanship and design to produce our furniture, resulting in a worldwide recognition for excellence. We have combined stainless steel with Textilene® or Sunbrella® slings and the highest grade teak with all-weather cord, which is woven from Olefin®. We powder-coat aluminium and stainless steel frames, and combine them with synthetic woven materials to produce contemporary furniture to our traditional high standard.

What is the Forest Stewardship Council® (FSC®)?

The Forest Stewardship Council® is an international, non-profit association whose members include environmental and social groups, and progressive forestry and timber-related companies, who are working together in order to improve forest management worldwide.

The trademark of the FSC® on a product indicates that the wood used to make it comes from a source that has been certified by the FSC® as being well managed and meeting the environmental, social and economic standards that have been set by the FSC®.

The FSC® certificate is only granted to organizations following an annual audit to confirm their compliance with FSC® standards. Our audit is performed by an FSC® accredited Certification Body, NEPCON and our Chain of Custody code is NC-COC-014404. Trademark licence code FSC-C007974.

Does Barlow Tyrie produce any FSC® certified furniture?

Yes. Please enquire on our selected number of items that are Forest Stewardship Council® (FSC®) certified (FSC® COC-007974) and available worldwide. Some products are not FSC® certified but are sourced from responsibly managed

forests, whilst sustaining eco-friendly practices.

What is the teak weathering process?

Over a period of time in an outdoor environment, untreated teak furniture which is exposed to the sun will patinate and turn a beautiful silver-grey colour. The length of time this takes will vary with climatic conditions (see previous page – our images to compare new teak to the weathered silvery-grey patina). Not only is it common for a teak bench, chair, or table to last 70 years standing out in the elements, it is also common to pass down such furniture to future generations as an heirloom.

Why do occasional cracks appear on my furniture?

Teak is a natural material and as such fine cracks in the end grain of components, e.g. legs and arms, may appear and then disappear with variations in the weather and the consequent change in the moisture content of the wood. Such fine cracks are normal, especially in heavier components, and will not affect the life or serviceability of your furniture.

Do I need to store my furniture during the winter?

No, Barlow Tyrie teak furniture can be left outdoors, uncovered, all year round. If you choose to cover your furniture outdoors during the winter you should use a material that allows the wood to breathe. Optional furniture covers and storage bags are available – see page 238.

TEAK

What are the properties of teak?

Teak is a deciduous hardwood tree from managed plantations; it does not come from tropical rainforests. Teak has a naturally high oil content which makes it both stable and resistant to rotting when exposed to climatic extremes. For centuries these special qualities have made teak the preferred choice for marine decking and construction, hence it is considered the premium timber for outdoor furniture.

Teak wood will naturally weather from golden brown to a silver-grey patina colour. We recommend the following range of our Barlow Tyrie products to care for and maintain your Teak furniture. For additional information on this range, please see:

<https://www.teak.com/care>

- **Teak Cleaner (4TC)** – will quickly remove accumulated dirt.

If you live in the UK and wish to maintain your furniture using our care products, but do not wish to do the work yourself, then we recommend you contact www.andrewbanks.co.uk who can provide a regular or one-time service according to your needs.

- **Teak Colour Guard (4TCG)** – will maintain the golden brown colour of new teak by using UV inhibitors to prevent the natural greying process and pigment enhancers to help maintain the natural colour of teak.

- **Teak Stain Guard (4TSG)** – forms an invisible layer to protect your teak from everyday stains such as butter, oil, and red wine, making the cleaning of accidental spills an easy task.

Do I need to oil my teak furniture?

Treating with teak oil or other preservatives is not necessary; it will not extend the life of your furniture and is purely cosmetic. We do not recommend oiling your furniture.

Will the metal fittings on my furniture last as long as the teak?

We only use the best marine quality solid brass and stainless steel on our furniture. Neither of these will rust nor deteriorate with age.

Do I need to use a base if I am locating a parasol through a dining table?

Yes, all parasols must be located in the recommended parasol base for safety reasons. We supply our standard parasol base for use of a parasol through a dining table or a free-standing base is available for use without a table. Parasol plates are available for use with the Equinox and Bermuda pedestal tables.

Can we use any of your dining chairs with any of your standard-height tables?

Most of our dining chairs fit comfortably under most of our standard-height dining tables. However, there are exceptions, so if you wish to 'mix and match' please check the item specifications on our website or discuss your requirements with your stockist.

For additional information, please see:

<https://www.teak.com>

STAINLESS STEEL

What are the properties of stainless steel?

We manufacture our stainless steel furniture using 316 grade stainless steel, commonly known as 'marine grade'. You will need a regular cleaning regime to keep your stainless steel furniture looking its best with more regular maintenance in harsh environments that include a concentration of salt or chlorine found in coastal areas or around a swimming pool. We have added selected products to our range with an attractive powder coated finish over 316 'marine grade' stainless steel that gives a supreme ability to withstand the harshest marine environment.

If you have any questions or concerns about how 316 grade is affected or best suited for your area, please contact our customer services or email: info@teak.com.

We recommend that you wash on a regular basis with clean fresh water to remove the condensed chlorinated moisture droplets and use the following Barlow Tyrie product to care for and maintain your stainless steel furniture. Conventional abrasive cleaners or strong acidic cleaners should never be used on stainless steel as this can cause permanent damage to the finish and the metal itself.

By maintaining a regular cleaning program of all the vulnerable surfaces, the quality of the stainless steel finish can be maintained for many years.

- **Stainless Steel Clean & Guard (4SSCG)** – cleans stainless steel and leaves a fine layer of Teflon® on the surface to help prevent the build-up of contaminants.

ALUMINIUM

What are the properties of aluminium?

Aluminium is lightweight, which is why we have chosen to include it in our range. The aluminium we use is 'virgin aluminium', meaning it is not reclaimed from scrap and so is stronger and longer lasting. We powder-coat the aluminium to prevent oxidation and ensure it gives long service. We recommend the following Barlow Tyrie product to care for and maintain your aluminium furniture.

- **Powder Coated Stainless Steel & Aluminium Cleaner (4AC)** – easily removes dirt, grease, oil, pollutants, and mould.

WOVEN

What are the properties of synthetic weave?

Our synthetic material is colour fast, exceptionally strong, completely resistant to sun and rain, and requires minimal maintenance. We recommend the following Barlow Tyrie product to care for and maintain your woven furniture.

- **Woven & Sling Non-Foam Cleaner (4WTC)** – easy to use non-foam cleaner that maintains woven furniture and Textilene® slings without unsightly residue.

WARRANTY

Materials and products have varying periods of warranty and guarantee for residential use that excludes damage due to misuse. For further details please see our website.

Please see page 234 for Barlow Tyrie Care Products, and usage advice.

Please note when moving furniture and for delivery that some large items are very heavy. Our delivery is a trade service to the vehicle tailgate only and you will be responsible for arranging personnel to carry and position the furniture. If delivery is to a private address, prior to delivery you must assess the access for sufficient width, height, and manoeuvre room for a commercial furniture lorry, and advise the stockist if it is unsuitable. We will, of course, try to accommodate the wishes of our customers.

Please make sure when ordering that you add the correct suffix to the product code. The suffix denotes: Frame colour + Sling colour + ceramic Tabletop colour, etc. By correctly adding the code suffix we can process your order without delay.

e.g. Product reference code for an Aura Armchair = **1AUA.01.500**

Product code [1AUA] + Graphite frame [.01] + Charcoal sling [.500].

Furniture covers & Storage bags

Our furniture covers are made using WeatherMAX-LT®, a modified highly UV-resistant polyester fabric offering superior strength and durability with long-term colour retention. This fabric is the industry's most balanced and cost-effective fabric available for outdoor applications requiring high water repellency and excellent breathability; the perfect choice for outdoor furniture covers where lightness and ease of storage offer an advantage.

These lightweight, one-way breathable covers allow trapped moisture to disperse, but prevent rain and dust from penetrating. A unique fastening ensures a secure fit. The life and good looks of the cover depend a great deal on the way it is used and how it is cared for. The covers are easy to put on and remove, and can be stored in their own pouch when not required.

Helpful hints

If the furniture has any sharp corners or edges, place foam rubber on the sharp edge to reduce risk of puncture or abrasion of the covers. For table and chair combinations, placing an object, such as a beach ball, under the centre of the cover can help with water drainage. When covering the Dune day bed and ottoman please ensure that the ottoman and cushion are placed on top of the base cushion before covering.

Note: Covers for standard dining groups are designed to cover the furniture with the chairs not under the table. Please allow 4 to 6 weeks for delivery.

Furniture covers features:

- WeatherMAX-LT®, a modified highly UV-resistant polyester fabric
- Lightweight, one-way breathable covers allow trapped moisture to disperse
- Unique fastening ensures a secure fit
