

A close-up photograph of an olive branch with several small, round olives and elongated, dark green leaves. The branch is positioned diagonally across the frame. The background is a soft, out-of-focus green, creating a natural and serene atmosphere.

»Igra svetlobe in sence ima pomembno vlogo v arhitekturi in zaznavi prostora.«

Z uporabo vrtnih svetil v zunanjem prostoru ustvarimo dinamičen prostor. Namen vrtnih svetil je lokalno osvetljevanje posameznih atraktivnih delov prostora ter ustrezna osvetlitev glede na posamezne aktivnosti, ki jih izvajamo v zunanjem prostoru. Z osvetlitvijo poti, objektov in dreves olepšamo okolico in pripomoremo k boljši varnosti pri gibanju.

A green-tinted photograph of a wooden deck. In the upper right, a portion of a wooden table and a metal-framed outdoor chair with a mesh back are visible. The deck is made of horizontal wooden planks. In the foreground and along the left side, there are clusters of hydrangea flowers. A white rectangular border frames the central text area.
